Fort Saint George, Revenue Consultation of 24th November 1857.

92-74

No. 73. Read the following Extract from the Minutes of Consultation in the Judicial Department under date the 12th November 1857, No. 1473.

Read the following letter from the Acting Magistrate of Ganjam.

Submits the opinion of the Acting Magistrate on the subject of Hydrophobia and the remedy proposed by Mr. Glass the Session Judge of Chicacole. (Here enter 14th October 1857, No. 93.)

In their orders, marginally noted,* Government referred for the Magistrate's report a letter from the Civil Judge of *Chicacole*, who, adverting to a recent case where a young European lad had died of Hydrophobia, pointed out the great extent to which wild pariah dogs infest the town, and suggested two remedies; a tax on dogs generally, and the offer of a reward for the killing of all stray dogs. A very trifling reward it appears, is even now given, but *Mr. Glass* suggests 3 annas for every dog, and 4 annas for every bitch.

*Judicial Dept. No. 1138, *dated 2d September* 1857.

2. The Acting Magistrate concurs with the Civil Judge. He adds that Hydrophobia is often imparted by the bite of a Jackall. A peon on his establishment not long ago died from this cause.

3. The Government observe that no *general* order appears to have been issued on this subject. Sanction has been accorded to rewards for the slaughter of dogs, as occasion arose, in different Zillahs: thus in Extract Minutes Consultation, Revenue Department, No. 273, dated 3d March 1842, Rs. 320-11-9 was sanctioned for that purpose in *Malabar* for Fusly 1249; and in Extract Minutes Consultation, Judicial Department, No. 566 dated 26th July 1845, the Magistrate of *Cuddapah* was allowed to disburse rewards for the destruction of dogs at the rate of 2 annas for each dog, and 3 annas for each bitch; payment on such account to be submitted through the Board of Revenue in the "Annual Statement of charges incurred without estimate in the Magistrate's Department."

4. The Government consider the rates above specified in the case of *Cuddapah* may be extended to other Zillahs, and where Jackalls are found to infest the suburbs of large towns they are willing to sanction rewards for the slaughter of those animals at the same rates. Generally speaking the offer of a reward should be restricted to the hot months of the year, but Magistrates will use their discretion on this point.
