No. 15. Read the following Extract from the Proceedings of the Board of Revenue; dated 12th October 1857, No. 3437.

Read again letter from the Collector of Bellary, dated 25th June 1857,* forwarding Statements of new lands to be granted to certain village officers in his District, revised in accordance with Extract Minutes Consultation No. 1006, dated 18th September 1856, Revenue Department.

* *In Cons.* 10*th August* 1857.

Read also letter from the same officer dated 20th August 1857† furnishing copy of a scale of remuneration laid down by Colonel Munro for certain classes of village officers in the Bellary District.

† *In Cons.* 12*th October* 1857.

(Here enter No. 95.)

With Extract from their Proceedings dated 3d July 1856, No. 2014, the Board of Revenue submitted for the sanction of Government a Statement received from the Collector of Bellary, of lands proposed to be granted to certain village officers in exchange for their enams which had been occupied or rendered uncultivable by public works. The new lands aggregated acres 3,663-12-6, assessed at Rupees 5,517-15-0, and subject to quit rent amounting to Rupees 2,650-15-0.

2. Of this extent Government objected to the grant of acres 147-14-3 to Cuttoobadies, directing that these servants should be treated as pensioners; and sanctioned the grant to other officers of acres 1,196-4-14; but erroneously stated their value to be Rupees 1,380½ which is the quit rent payable on them and not their assessment, the latter being Rupees 2,061-5-0. The error evidently arose from the column at page 47 of the Collector's Statement not having been ruled so as to accord with the headings; the Collector has however inserted the correct value in his orders to the talooks.

	Extent of land entered in the first Statement as occupied by or rendered uncultivable by public works.			Value.			Fresh lands proposed to be given in lieu.			Value.		
	A.	G	A	Rs.	A	P	A.	G	A	Rs.	A	P

	84	39	11	232	6	...	147	14	3	218	11	...
Remainder...	3,066	38	7	5,692	13	...	3,515	38	3	5,299	4	...
Deduct sanctioned by Government..	903	19	7	2,171	14	...	1,196	4	14	2,061	5	...
	2,163	19	...	3,520	15	...	2,319	33	5	3,237	15	...

3. On the remaining lands (acres 2,319-33-5) which comprised grants to Curnums and Potails, Government deferred passing any orders, and directed that further and stricter enquiry should be made as to whether the lands represented to have become uncultivable were so in fact, and whether the old lands remaining uninjured were considered as affording insufficient remuneration. The latter consideration had not been overlooked by the Board as will be seen from their letter dated 20th July 1855.

4. In the first of the two cummunications recorded at the head of these Proceedings Mr. Pelly states, that a further examination by the Tahsildars themselves, or by some of the superior talook servants has been made and that the revised Statements submitted by them show that their investigation has been made with care, some lands formerly entered as uncultivable being now excluded. The lands in the talook of Royadroog were re-examined by the Assistant Serishtadar as the report of the Tahsildar was not considered satisfactory, and the result proved that this scrutiny was necessary, several pieces of land having been passed by the latter officer as uncultivable which were only deteriorated. The Board presume the Tahsildar's default has been duly noticed by the Collector.

5. Comparing the Collector's former Statement with that now submitted, it appears that of the Acres 2,163-19-0 first shewn as uncultivable, it has been ascertained that Acres 22-28-3 were entered improperly by mistake, and that Acres 381-30-8 were cultivable, but on the other hand, there appears an excess of Acres 19-38-10 which was not included in the former Statement of uncultivable land, thus making a net decrease of Acres 384-20-1 in the original extent as indicated in the margin.*

	A.	G.	A.
** Extent originally shown as uncultivable, ...*	2,163	19	0
Entered "improperly or by mistake", ...	22	28	3
Found to be cultivable, ...	381	30	8
	404	18	11
Found to be uncultivable, ...	19	38	10
Net decrease...	384	20	1
	1,778	38	15

6. In determining whether the lands remaining uninjured formed a sufficient remuneration to their respective proprietors, Mr. Pelly has been led to adopt a scale of remuneration laid down by Colonel Munro calculated according to the revenues of the villages. A copy of this scale was called for by the Board, and is herewith forwarded as an enclosure to the 2d communication recorded above. It will be seen that the rate of remuneration graduates from 1 to 8 per cent. to Reddies, and 1 to 12 per cent. to Curnums, the maximum rates being intended for villages with a revenue of Rupees 146-0-0, and the minimum for villages yielding Rupees 17,500.

To Collr. 10th August 1857.

Remaining lands shewn in margin of para. 5 above	1,778	38	15
Disallowed according to Colonel Munro's scale...	822	14	12
Requiring Compensation...	956	24	3

7. Guided by this scale Mr. Pelly has disallowed claims for remuneration on Acres 822-14-12, so that only Acres 956-24-3 assessed at Rupees 978-6-0 require fresh lands of equivalent value in exchange, and Mr. Pelly proposes, as shown in his Statement to give Acres 838-39-12, assessed at Rupees 931-8-0.

8. Regarding the sufficiency of this scale, the Collector remarks that the rates of remuneration to Potails and Curnums in his District vary so greatly that he found it difficult to say in what cases the remuneration was sufficient, and that although the scale he has now adopted is small, it is the only authorized one, and as such, may be adopted in the present instances, and until a new one is framed applicable to the whole District.

9. The Board so far concur in this view that they recommend that the Collector may be authorized at once to make over the lands entered in his revised Statement. They would however wish Mr. Pelly to prepare a scale of remuneration for village officers as a guide for future arrangements. It is not necessary, they think, that there should be so many rates as 44. The minimum should be such a sum as the Collector considers sufficient to secure the services of a suitable person, the maximum on the other hand, enough also to enable the Moonsiff or Curnum to employ the necessary number of assistants. The Collector would of course be guided not merely by the revenue of each village, but by number of its inhabitants, the character of its population and other such considerations. Once the scale was fixed in this manner, arrangements could be made for securing an adequate remuneration for the officers either from Government lands or from the shares of those who now participate in the enam, though they do no duty according as may be deemed advisable. It is however absolutely essential that whatever may be granted to each officer shall be reserved exclusively for the person doing duty and not be subdivided or transferred on any consideration.

10. The instructions conveyed in para. 3 of the Board's letter dated 20th July 1855 will be countermanded, with reference to Extract Minutes Consultation dated 21st January 1857, Revenue Department, No. 79, with copy of which and of para. 5 of the Board's Proceedings thereon dated 8th October 1857, the Collector will be furnished.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

1222/3 2

No. 16. ORDER THEREON, No. 1222; dated 25th November 1857.

1. On the 3d July 1856, the Board of Revenue recommended that 3663 Acres, 12 G., 6 A. of land, assessed at Rupees 5,517-15-0, might be granted to certain village officers in the Bellary District, in exchange for their enams which had become unfit for cultivation, or had been taken up for public purposes. The Government* observed that the extent of the Potails and Curnums' enams, alleged to have become uncultivable, was so large as to be suspicious; and they desired that further enquiries might be made, with a view to ascertain the truth on the point. They also wished to be assured, whether the uninjured portion of their enams, would not afford a sufficient remuneration to the Curnums and Potails; and they objected to the grant of new land to the Cuttoobadies, on the ground that they were to be regarded as pensioners rather than as officers whose services were required by the State. Excepting therefore of the lands proposed to be assigned to the Potails, Curnums and Cuttoobadies, the Government sanctioned the exchange of land in all the other cases to the extent of Acres 1,196-4-14.

* *Ex. Min. Cons. 18th Sept. 1856, No. 1006.*

2. The Board now submit a revised Statement of lands which the Collector proposes to assign to the Curnums and Potails, with reference to the order of Government above quoted, together with a copy of the correspondence which has passed on the subject. It appears that, after further investigation, it has been found that out of an extent of 2163½ acres of land, originally represented to have become uncultivable, Acres 381-30-8 were found to be cultivable, Acres 22-28-3 were entered improperly or by mistake, and Acres 19-38-10 were omitted from entry as uncultivable; thus making a net decrease of Acres 384-20-1, and reducing the original extent to Acres 1,778-38-15, as shewn in the margin.

	A.	G.	A.
Extent originally shewn as uncultivable...	2,163	19	0
Entered by mistake...	22	28	3
Found to be cultivable... ...	381	30	8
	404	18	11
Found to be uncultivable. ...	19	38	10
	384	20	1
	1,778	38	15

3. With reference to the enquiry of Government whether the old enams remaining uninjured, would not be a sufficient remuneration to the Curnums and Potails, the Collector has disallowed claims to compensation on Acres 822-14-12, being guided in his determination of the question by a scale of remuneration laid down by Colonel Munro, calculated according to the revenues of the villages. Deducting this extent of land from Acres 1,778-13-5, there remain Acres 956-24-3, assessed at Rupees 978-6-0, for which the Collector proposes to give other land in exchange to the extent of Acres 838-39-12, assessed at Rupees 931-8-0.

4. The Right Honorable the Governor in Council sanctions the exchange of land to the extent now proposed by the Collector; but he must not omit to notice the proceeding of the Board in having formerly recommended an arrangement, which the more careful enquiry ordered by Government has shown to be in great part unnecessary.

5. The instructions to the Collector in para. 9, relative to the preparation of a scale of remuneration to village officers, for future guidance, seem proper and are approved.

(Signed) H. FORBES,
Acting Secretary to Government.

In Cons. 13th Oct. 1854

Read also Letter from the same Officer dated 20th August 1854 furnishing Copy of a Scale of remuneration laid down by Colonel Munro for certain classes of Village Officers in the Bellary District.

(Here Enter No 95)

With Extract from their Proceedings dated 3rd July 1856 No 2014 the Board of Revenue submitted for the sanction of Government a Statement received from the Collector of Bellary, of Lands proposed to be granted to certain Village Officers in exchange for their Enams which had been occupied or rendered uncultivable by public Works. The new Lands

aggregated

aggregate acres 3.663-12-6, assessed at Rupees 5.517-15-2, and subject to Quit Rent amounting to Rupees 2.650-15-0.

2. Of this extent Government objected to the grant of Acres 147-10-3 to Cuttacherries directing that these servants should be treated as pensioners; and sanctioned the grant to other Officers of Acres 1196-0-14; but erroneously stated their value to be Rupees 1350/- which is the Quit Rent payable on them and not their assessment, the latter being Rupees 2061-5-0. The error evidently arose from the [illegible] column at page 4/ of the Collector's Statement not having been filled up as to accord with the headings; the Collector has however inserted the correct value in his orders to the Talooks-

3. On the remaining lands (Acres 2319-39-5) which comprised grants to Cumums and Setties Government deferred passing any orders and directed that further and shorter enquiry should be made as to whether the lands represented

represented to have become uncultivable were so in fact, and whether the old lands remaining unimproved were considered as affording sufficient remuneration. The latter consideration had not been overlooked by the Board as will be seen from their letter dated 20th July 1855.

4. In the first of the two communications preceded at the head of these proceedings Mr Pelly states that a further examination by the Tahsildars themselves or by some of the superior talooke servants has been made and that the praised statements submitted by them shew that their investigations has been made with care, some lands formerly entered as uncultivable having since been included. The lands in the Talook of Royadroog were re-examined by the Assistant Shirastadar as the report of the Tahsildar was not considered satisfactory, and the result proves that this scrutiny was necessary, several pieces of land having been passed by the latter officer as uncultivable which were only deteriorated.

The

The Board presume the Tahsildars default has been duly noticed by the Collectors.

5. Comparing the Collectors former Statement with that now submitted, it appears that of the Acres 2163-19- first shown as unculturable it has been ascertained that Acres 22-28-3 were entered improperly by mistake and that Acres 381-30-8 were cultivable, but on the other hand there appears an excess of Acres-19-38-10 which was not included in the former Statement of unculturable land - thus making a net decrease of 384-30-1 in the original Extent as indicated in the margin*

	A. G. A.
*Extent originally shown as unculturable	2163-19-0
Entered "improperly" by mistake	22-28-3
Found to be cultivable	381-30-8
	404-18-11
Found to be unculturable	19-38-10
Net decrease	384-20-1
	4778-38-15-

6. In determining whether the lands remaining unenquired formed a sufficient remuneration to their respective proprietors, Mr Pelly has been led to adopt a scale of remuneration laid down by Colonel Munro calculated according to the revenues of the Villages. A copy of this scale was called for by the Board and is herewith forwarded as an enclosure to the

To Collector 10th August 1857.

1222

the 2nd communication recorded above.

It will be seen that the rate of remuneration graduates from 1 to 8% to Ryotwar, and 16 1/2% to Cummums. the Maximum rates being intended for Villages with a revenue of Rupees 116-0-0 and the minimum for Villages yielding Rupees 17,500-0-0

7. Guided by this scale Mr Pelly has disallowed claims for remuneration on Acres 822-14-12 that only Acres 56-24-3 assessed at Rupees 978-6-0 require fresh lands of equivalent value in exchange and Mr Pelly proposes, as shown in his Statement, to give Acres 838-39-12 assessed at Rupees 981-8-0

8. Regarding the sufficiency of this scale the Collector remarks that the rates of remuneration to Potails and Cummums in his District vary so greatly that he found it difficult to say in what cases the remuneration was sufficient, and that although the scale he has now adopted is small, it is the only authorized one and as such, may be adopted in the present instances and until a new one is framed applicable to the whole

District

Rents.

District.

9. The Board so far concur in the views that they recommend that the Collector may be authorized at once to make over the lands entered in his printed Statement. They would however wish Mr Petty to prepare a scale of remuneration for Village Officers as a guide for future arrangements. It is not necessary, they think, that there should be so many rates as 46. The minimum should be such a sum as the Collector considers sufficient to secure the services of a suitable person - the maximum on the other hand enough also to enable the Manager or Canoon to employ the necessary number of assistants. The Collector would of course be guided not merely by the Revenue of each Village but by the number of its inhabitants - the character of its population and other such considerations. Once the scale was fixed in this manner, arrangements could be made for securing an adequate remuneration

1222

remuneration for the Officers either from Government lands or from the shares of those who now participate in the Enam though they do no duty according as may be deemed advisable. It is however absolutely essential that whatever may be granted to each Officer shall be reserved exclusively for the person doing duty and not be subdivided or transferred on any consideration.

10. The instructions conveyed in para 3 of the Board's letter dated 20th July 1835 will be communicated with reference to Extract Minutes Consultation dated 21st January 1837 R.D. No 79 with Copy of which and of para: 5 of the Board's proceedings thereon dated 8th October 1834 the Collector will be furnished

Recd 4th Sept.r 58. Sent Con 11 Oct.r 58.

From
H. S. Porter Esq
Collector Bellary to the
Board of Revenue.

Dr
Mills Esq
Collector of Bellary

Sir,

I have the honor to transmit herewith, for the consideration of your Board, a Statement of Lands proposed to be assigned to Village Officers in lieu of their Inams resumed for Public purposes, & to request the favor of your communicating the Board's sanction to the same.

2. I have also the honor to forward a Statement of Lands proposed to be assigned to Village Officers in lieu of their Inams resumed for the Public Purposes of the Bellary Canal, & to request the favor of the Board's sanction to the same.

3. Letters were addressed to the Collector of Bellary on the 20th Augt 1856 & 4th Sept.r 1857 respectively, requiring him to report for the consideration of the Board of Revenue, the principles which he proposed to adopt in preparing a scale of remuneration for Village Officers whose Inams have been resumed for Public purposes, & I have the honor to transmit herewith a Statement of the principles which I have adopted for the guidance of the Tahsildars in preparing the Statements of Lands proposed to be assigned to Village Officers in lieu of their Inams resumed for Public purposes.

4. The Board will observe that I have adopted the principle of granting to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

5. The Board will observe that I have directed the Tahsildars to assign to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

6. The Board will observe that I have directed the Tahsildars to assign to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

7. The Board will observe that I have directed the Tahsildars to assign to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

8. The Board will observe that I have directed the Tahsildars to assign to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

9. The Board will observe that I have directed the Tahsildars to assign to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

10. The Board will observe that I have directed the Tahsildars to assign to Village Officers in lieu of their Inams resumed for Public purposes, Lands of the same description as those resumed, & of the same value as the Inams resumed, as far as practicable.

is sufficient reason for the grant of an equivalent. The real question is whether the remuneration is commensurate with the duties of the Office, and on this principle they wish you now to act. If therefore in any case the uninjured and profitable portion of the Enam appears to you sufficient for the Office, you will abstain from recommending compensation for the surplus portion which is no longer cultivable. As in the new Form of Statement each case must be entered separately the Board wish you to enter opposite each what you have fixed as the standard remuneration.

3. With regard to Enams granted to Artisans whose services are rendered to the Village Community and not to Government, the Board are aware that the custom is of long standing and must be dealt with cautiously and with forbearance. They are of opinion however that no just opportunity

should

should be lost of abrogating this system and fixing a fair Assessment on land, to leave the Government and the people to pay each their own servants. The alienations of land on Enam tenure are very large in Bellary, and peculiar care is necessary to prevent the perpetuation of this system.

4. With regard to the Jodi fixed on the fees of Village Servants, the Board will be prepared to take into consideration your suggestion for a modification of the System, on being furnished with the necessary details.

122/12

cummins and Cultivators, the Government sanctioned the exchange of land in all the other cases to the extent of acres 1196 to the

The Board now submits a revised Statement of lands which the Collector proposes to assign to the Cummins and Potails, with reference to the order of Government above quoted together with a copy of the correspondence which has passed on the subject. It appears that, after further investigation, it has been found that out of an extent of 2163½ acres of land, originally represented to have become uncultivable, acres 381-30-8 were found to be uncultivable, acres 22-28-3 were entered improperly or by mistake, and acres 19-38-10 were

omitted from entry as en-
cumbrable, thus making
a net decrease of aferes 384-20-1
and reducing the original
extent to aferes 1778-38-15, as
shown
in the margin.

With reference to the
enquiry of Government en-
whether the old Enams re-
remaining unmeasured, en-
would not be a sufficient
remuneration to the Curnum
and Potails, the Collector
has disallowed claims to
Compensation on acres 822
-14-12, being guided in his
determination of the ques-
tion by a scale of remune-
ration laid down by
Colonel Munro, calculated
according to the revenues
of the villages. Deducting
this

this extent of land from
aferes 1778-13-5, there remain
acres 956-24-3, assessed at Rupees
978-6-4, for which the Collector
proposes to give other land in
exchange to the extent of acres
838-39-12, assessed at Rs 931-8-4

The Right Honorable
the Governor in Council en-
sanctions the exchange of
land to the extent now proposed
by the Collector, but he would
not omit to notice the proceed-
ing of the Board in having
formerly recommended an
arrangement, which the more
careful enquiry, ordered by
Government has shown to be
in great part unnecessary.

The instructions to the
Collector in para 9. relative
to the preparation of a scale
of remuneration to Village
Officers,

officers, for future guidance,
decm proper and be are approved.
