Order no 1243 D/2nd Dec 1857

Done

Fort Saint George, Revenue Consultation of 8th December 1857.

No. 7. Read the following Extract from the Proceedings of the Board of Revenue; dated 16th November 1857, No. 3962.

Read letter from the Acting Collector of Tinnevely
In Consultation 16th November 1857. dated 3d November 1857.

(Here enter No. 339.)

Resolved that the above letter be laid before Government with reference to Extract Minutes Consultation 28th September last, Revenue Department, No. 991.

2. The Collector reports that the Master Attendant states that good boat building and materials are not available in Tinnevely. It is therefore intended to have the boats required for guarding the oyster banks, built at some of the ports of the Western coast, and the Master Attendant has proceeded thither in the "Prince Arthur" to make the necessary arrangements.

3. The "Laura" referred to in para. 9 and recently received from Coringa is reported to need extensive repairs, and the Master Attendant proposes procuring materials and workmen from the Western coast to render her serviceable.

4. Meanwhile, however, a Canoe including Crew has been engaged at a monthly charge of Rupees 34½ to prevent the chank fishers from approaching too near the Pearl banks, and the Board recommend that this arrangement be sanctioned until more efficient measures can be adopted. The Board doubt however whether a single boat will suffice, particularly as the knowledge that the banks will soon be properly watched is likely to stimulate illicit fishery.

5. The Board consider it desirable that Captain Robertson should (as he proposes in the concluding para. of his letter to the Collector) attend the next Pearl fishery in Ceylon.

6. The unserviceable condition of the "Laura" will the Board presume be enquired into by the Marine Board.

(A true Extract.)
