Fort Saint George, Revenue Consultation of 23d December 1857.

No. 18. Read the following letter from J. D. SIM, Esq., Acting Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government Revenue Department, dated Fort Saint George, 12th October 1857, No. 3413.

SIR,

In forwarding the accompanying arrear List, I am directed by the Board of Revenue to submit the following explanation with reference to Extract Minutes Consultation 17th April last, Revenue Department, No. 356.

2. In para. 2 of those Minutes, Government compare the arrears on the Board's file on the last days of the years 1855 and 1856, respectively.

Years.	Letters &c., received.	Letters dispatched.	Total.	Petitions.	Grand Total.
1852	4,997	2,675	7,672	2667	10,339
1853	5,363	2,817	8,180	2693	10,873
1854	6,895	2,850	9,745	2788	12,533
1855	6,657	3,470	10,127	3815	13,942
1856	8,676	4,410	13,086	3903	16,989

3. An inspection however of the marginal abstract of the *whole* correspondence of the Board during the last five years will show that the general business of the Board has very largely increased of late and that their correspondence *with Government alone*, is not a fair criterion of the extent of work in their office.

4. It will be seen in the above marginal abstract that in the year 1856, 13,086 letters, &c., were received and despatched against 10,127 in the year 1855, the increase in letters "despatched" alone being nearly 1,000.

5. During the first half of the current year (1857) 4,115 letters has been "received" and 2,237 "despatched." The number of Petitions presented to the Board has also largely increased being now about 4,000 per annum. The object of the marginal Statement shewing the number of Revenue letters received by Government, is not apparent to the Board.

6. The papers noted by Government in paras. 4, 5 and 6 of the Extract Minutes Consultation under reply most of which, as Government observe, await the replies from the various Collectors, till which time the Board are unable to forward them, have now been disposed of, with the following exceptions.

No. 747, 18th July 1856.	In hand.
,, 743, 5th July 1853.	Collector's reply not received.
No. 1132 of 1853 ,, 856 of 1854 ,, 716 of 1855 ,, 1227 of ,,	In hand.
,, 538 of 1855 ,, 1102 of ,, ,, 321 of 1856	Collectors' replies not yet received.
,, 463 of ,,	Under preparation.

No. 797 of 1855, has been transferred to the Secretary to Government for disposal in connection with the new manual of Sea Custom rules which is being prepared in his office.

No. 19. ORDER THEREON, No. 1318; dated 17th December 1857.

With the letter above recorded, the Board of Revenue submit the list of the orders of Government of longer than three months standing, remaining unanswered on the 30th June 1857.

2. The Board explain with reference to the remarks made by Government in Extract Minutes Consultation dated 17th April 1857, No. 356, on the state of business in their office on the last day of 1856, that their entire correspondence has considerably increased of late years, and that their correspondence with Government alone is not a fair criterion of the extent of work in their office.

3. The Board remark in para. 5, that the object of the marginal table given in the latter part of para. 2 of Extract Minutes Consultation dated 17th April last No. 356, is not apparent to them. Its object was to shew that the increase in Revenue correspondence was actually in operation in 1855, with the arrear of which year that of 1856 was compared.

4. The Government must call the early attention of the Board to the following orders.

No. 882, *18th September* 1850. In this order the late Commissioner for the Northern Circars was requested to lay before Government a Manual of instructions for the guidance of the officer proposed to be charged with the investigation into the rent free tenures of Guntoor. The Government observe from the papers recorded in Extract Minutes of Consultation dated 19th January 1857 No. 66, that the Collector of the district (Mr. Stokes) furnished the Commissioner with his opinion on the subject in a Report dated 30th December 1850, and they are unable to perceive why their requisition should have been so long retained in the list of unanswered references. A copy of Mr. Stokes' communication is however among the records of Government, having been received with Mr. Newill's letter dated 21st April 1856, and now, that investigation into the Enams of the entire Presidency is contemplated; it is unnecessary that the Board should answer the Extract Minutes of Consultation of September 1850 with special reference to Guntoor, but any opinion which they may submit to Government on the subject generally, will be considered and disposed of in time to be useful to the Commissioner for whose appointment the authority of the Honorable Court has been requested.

No. 1110, *19th September* 1854.
„ 1281, *4th December* 1856. In the first of these orders, the Board of Revenue were requested to ascertain and report what portion of the Moturpha revenue in the districts of this Presidency, except Canara, for which the information was then before Government, may be classed as quit rent, or ground rent, and in the second, they were desired to consider and submit their views upon a revision of the Moturpha tax on the Waltair fishermen, and to obtain detailed and accurate information with respect to the tax collected by certain Zemindars "so that should orders for its (Moturpha tax) abolition be received, nothing "shall remain to be done but to relieve the people from the demand and strike off from the "Peishcush of each Zemindary, in the assets of which the tax was originally included, the "already ascertained amount of compensation." The Board of Revenue must be aware from the Despatch of the Honorable the Court of Directors to the Government of India dated 5th November 1856 No. 17, a copy of which was furnished to them with Extract Minutes of Consultation dated 17th April last No. 358, that that Government have received sanction for the abolition of the Moturpha tax in this Presidency, and the correspondence noted in the margin, copies of which will now be forwarded to them, will inform the Board that the final extinction of this source of income is only pending the receipt of the orders of the Supreme Government on a communication in which this Government have set forth their objections to the special introduction into this Presidency only of any other tax in substitution for the Moturpha Revenue. Under these circumstances the Government trust the Board will see the necessity of giving their early attention to the orders in the unanswered list, above referred to.

From Govt. of India dated 25th March 1857, *No.* 401.
To do. dated 7th May 1857, *No.* 430.

No. 894, *25th July* 1855. In this order the Board were requested to submit a report on certain points connected with the Yeomiahs and Yeomiahdars of this Presidency for submission to the Government of India as well as for the purposes of permanent record. It is necessary that the letter from the Supreme Government on the subject should be answered at an early date and the Board will therefore be good enough to submit the report called for as soon as possible.

No. 1042, *13th Sept.* 1855. In this order the Government authorized the transfer of four villages from North Arcot to Salem and drew the attention of the Board to Extract Minutes of Consultation dated 1st March 1855,

1318/3

No. 264, as to the form in which the Notification announcing the transfer should be drawn up. The Government are desirous to know what has prevented the submission of the Notification for more than two years.

No. 133, *8th Feb.* 1856. In this order the Government approved the proposal made by the Board of Revenue to report on the new forms of Village accounts after they shall have received the Collectors' reports on the settlement of fusly 1265, in which were partially brought into use. The settlement reports have all been received by the Board, and their general report dated 12th October last, is now before Government. The Board will therefore be good enough to submit there opinion of these accounts at an early date.

5. The Government observe that, on the date of the list of unanswerred communications which is the subject of this order, no less than 76 were pending receipt of information from the Provinces. The Government hope that the Board of Revenue will carefully examine the lists of unanswered orders received from the Collectors, and will notice unnecessary delays on the part of these officers.

Acting Secretary to Government.

Asst Secretary to Government
Revenue Department.

Sir,

I am forwarding the accompanying arrear list, I am directed by the Board of Revenue to submit the following explanation with reference to Extract Minutes Consultations 17th April last. Revenue Department No 356.

2. In para 2 of those Minutes, Government compare the arrears on the Board's file on the last days of the years 1855 and 1856 respectively.

3. An inspection however of the marginal abstract of the whole correspondence of the Board during the last five years will show that the general business of the Board has very largely increased

Years	Letters received	Letters despatched	Total	Petitions	Grand Total
1852	4997	2675	7672	2667	10339

1856	8676	4410	13086	3903	16989

increased of late and that their correspondence with Government alone, is not a fair criterion of the extent of work in their Office.

It will be seen in the above
4. marginal abstract that in the year 1856, 13086 letters &c. were received and despatched against 10127 in the year 1855. The increase in letters "despatched" alone being nearly 1000.

During the first half of
5. the current year (1857) 4115 letters have been "received" and 2234 "despatched". The number of Petitions presented to the Board has also largely increased being now about 1000 per annum. The object of the marginal Statement shewing the number of Revenue letters received by Government, is not apparent to the Board.

The papers noted by
6. Government in paras: 4, 5 and 6 of the Extract Minutes Consultation under reply, most of which, as Government observe, await the replies from the various Collectors, till which time the Board are unable to forward them, have now been disposed of, with the following exceptions.

Extract from the Minutes of Consultation
Under date the 17th December 1857

Read the following letter from the Acting Secretary to the Board of Revenue.

(Received 8 October 1857 No 3413)

With the letter above recorded, the Board of Revenue submit the list of the orders of Government of longer than three months standing remaining unreviewed on the 30th June 1857.

2 The Board explain with reference to the remarks

remarks made by Govt
in Cr. Mun Cons 7/17
April 1857 No 356, on
the state of business in
their office on the last
day of 1856; that their
future correspondence
has considerably in-
-creased of late years,
and that their corres-
-pondence with Govt
alone is not as fair cri-
-terion of the extent of
work in their office.

As regards this explana-
tion the Government
will only remark that
the Table given in the
margin of para 3, does
not appear to include
the correspondence of
the Public Works Dept
anterior to its transfer
to

13/8
22

to the Chief Engineer,
which was by no means
inconsiderable, partic-
-ularly for some time
previous to the introduc-
-tion of the new system
in 1855.

3 The Board remarks
in para 5, that the object
of the marginal table
given in the latter part
of para 2 of Cr. letter
Committed 17 April
last No 356, is not ap-
parent to them. The
~~object of the~~ object
~~of that table~~ was to
show that the in-
-crease in Revenue cor-
-respondence was actually
in operation in 1855 with
the arrear of which
year

year that of 1856 was
compared.

The Government
must call the early at-
tention of the Board
to the following orders.

In this order the
late Commissioner for
the Northern Circars
was requested to lay
before Government a
memorial of instructions
for the guidance of the
Officers proposed to be
charged with the inves-
tigation into the rent
free tenures of Guni-
tur. The Govt observe
from the papers recorded

in

No 852 - 18 Sept 57.

1318/93

in Extract Minutes of Consultation dated 19th January 1857 No. 66 that the Collector of the District (Mr. Stokes) was furnished the Commissioner with his opinion on the subject in his report dated 30th December 1850, and they are unable to perceive why their requisition should have been so long retained in the list of unanswered references. A copy of Mr. Stokes' communication is however among the records of Government, having been received with Mr. Nevill's letter dated 21st April 1856 and now that investigation

investigation into the Enams
of the entire Presidency is
contemplated, it is unnecessary
that the Board should
answer the Extract Minutes
of Consultation of September
1850 with special reference to
Guntoor, but any opinion
which they may submit to
Government on the subject
generally will be considered
and disposed of in time
to be useful to the Com-
missioner for whose ap-
pointment the authority
of the Honorable Court
has been requested.

In the first of these orders the Board of Revenue were requested to ascertain and report what portion of the

the Motarpha Revenue in the Districts of this Presidency except Canara for which the information was then before Government may be classed as quit rent or ground rent and in the second they were desired to consider and submit their views upon a revision of the Motarphaties on the Wattair fishermen and to obtain detailed and accurate information with respect to the taxes collected by certain Zemindars so that should order for the Motarpha taxes abolition be received, nothing shall remain to be done but to relieve the people from the demand and

pensation. The Board of
Revenue must be aware from
the despatch of the Honorable
the Court of Directors to the
Government of India dated
5th November 1856. No 17 a copy
of which was furnished to them
with Extract Minutes of Cons: of
17th April last. No 358 that that
Government have received sanction for
the abolition of the Motorpha Tax
in this Presidency and the Corres-
pondence noted in the Margin, Copies
of which will now be forwarded to
them will inform the Board that
the final extinction of this source of
income is only pending the receipt
of the orders of the Supreme Govt
on a communication in which this
Govt have set forth their objec-
tions to the special introduction

into this Presidency only of any
other tax in substitution for
the Interrupted Revenue under
these circumstances the Govern-
ment trust the Board will do
see the necessity of giving there
early attention to the
orders in the annexed letter
above referred to.

In this order the
Board were requested to
submit a report on certain
points connected with the
Zemindars and Zemindaries
of this Presidency, for sub-
mission to the Government
of India, as well as for the
purposes of permanent record
It is necessary that the
letter from the Supreme
Government on the subject
should be answered at an
early date & the Board will
therefore be good enough to
submit the report called
for

for us soon as possible:

In this order

N1042 - 13th Sept. 1855

the Government authorized the transfer of four villages from North Arcot to Salem and drew the attention of the Board to Extract Minutes of Consultation dated 1st March 1855 N964 as to the form in which the notification announcing the transfer should be drawn up. The Government are desirous to know what has prevented the submission of the notifications for more than two years.

In this order the

N133 - 8th February 1856

Government approved the proposal made by the Board of Revenue to report on the new forms of village accounts after they shall have received the Collectors reports on the settlement of Fasly 1265 in which

1318/26

which were partially brought into use. The settlement reports have all been received by the Board, and their general report dated 12th October last, is now before Government. The Board will therefore be good enough to submit their opinion of these accounts at an early date.

5 The Government observe that on the date of the list of unanswered communications which is the subject of this order, no less than 76 were pending receipt of information from the Provinces. The Government hope that the Board of Revenue will carefully examine the lists of unanswered orders received from the Collectors, and will notice unnecessary delays
