Fort Saint George, Revenue Consultation of 23d December 1857.

No. 24. Read the following Extract from the Proceedings of the Board of Revenue; dated 2d December 1857, No. 4292.

Read letter from the Officiating Agent at Kurnool dated 17th November 1857.*

* *In Cons. 2d December* 1857.

(Here enter No 65.)

In the above letter the Officiating Agent requests instructions as to the amount of compensation to be granted for loss of crops occasioned to ryots and Enamdars of the District by the encampment on their lands ef Brigadier Whitlock's moveable column of Troops.

2. Captain Russell proposes that where the proprietors have been unable to resow their lands the entire assessment shall be remitted and compensation granted in addition, and that where they have resown their fields the assessment only shall be remitted.

3. In the former case the loss of seed and the expenses incurred by the proprietor will be compensated in money while in the latter the later crop, (if the Board understand the Officiating Agent's proposition correctly,) will be left free of assessment as an equivalent for such losses.

4. The Board concur with Captain Russell that the sufferers should be liberally treated and as an estimation of each individuals actual loss and previous reference for sanction would entail considerable delay, the Board recommend that he may be permitted to adopt the plan proposed by him at once and submit a statement of the entire compensation awarded in remissions of assessment as well as money for sanction, as soon as the arrangement has been concluded.

5. If in any case the proceeds of the second crop would not sufficiently compensate for the loss of the first, an equitable money grant should also be made.

Resolved that the above letter be submitted for the consideration and orders of Government.
