No. 2. ORDER THEREON, *No.* 242; *dated* 11*th March* 1857.

With their Proceedings above recorded, the Board of Revenue submit a letter from the Collector of South Arcot, soliciting instructions with reference, first to the particular manner in which the services of Mr. P. Grant, lately appointed additional Sub-Collector of that District, should be made use of; secondly, requesting to be informed whether any extra establishment may be entertained for Mr. Grant's office; and thirdly, asking for explicit instructions as to the course to be pursued with regard to the method of apportioning the labor of the district between the permanent and temporary officers.

Ex. M. C. 12th Dec. 1856, p. 1.
From Collr. to Bd. dated 3d Sep. 1856.

2. The Government observe, that in December 1856, they were informed that Rupees 21,630 remained from the sum originally sanctioned by the Government of India, for the survey and assessment of South Arcot. In the second para. of their order of December 12th, they authorized the Collector of South Arcot to meet the charges of the survey and assessment out of the unexpended balance of the amount sanctioned.

Further, in Extract Minutes Consultation of 7th February 1857, a discretion was left to Mr. Hall, of employing either the additional or the permanent Sub-Collectors upon the duties of classification and assessment in the newly surveyed talooks. No further orders are therefore now necessary; the only point that needs remark is the question of an extra establishment for the assessing officer.

From Bd. to Govt. 16th July 1855, No. 1774, para. 3.

3. The Government would remind Mr. Hall, that hitherto no extra establishment has been specially entertained for his additional Sub-Collector; and no additional expenses, over and above the amount already sanctioned for the survey, can be now allowed.

4. The Collector however appears to consider that an extra establishment is necessary, being of opinion that to draft officers from other departments to the assessing officer's cutcherry would not secure efficiency in it, while it would cripple the departments from which they were taken. If therefore, without exceeding the sum already sanctioned for the survey and assessment, Mr. Hall can entertain any extra servants for the additional Sub-Collector, he may frame and submit for the approval of the Board of Revenue and Government a list of the establishment he would propose.

5. In order that the Government may be satisfied that the sum already sanctioned will not be exceeded, the application, if made, should be accompanied by a statement of the balance now remaining, and the Collector's anticipation of the probable demands upon it; the Board of Revenue will be so good, on submitting this statement to Government, to add their own opinion.

Acting Secretary to Government.
