Back No^s 8-9

Order no 246 dated 11th March 1857

2

Read the following letter from *ARTHUR HALL, Esq., Collector of South Arcot*; to *J. D. SIM, Esq., Acting Secretary, Board of Revenue Fort St. George*; dated *Cuddalore, 14th February 1857, No. 34.*

I have the honor to acknowledge Extract from the Proceedings of the Board of Revenue dated 7th Instant, No. 445, calling upon me to submit an estimate of the probable cost for supplying the Survey Establishment with suitable Tents.

* Dated 12th Instant.

3. Captain Priestley considers that three Tents are required for his office people, and I quite agree with him in his opinion.

4. The two large sized tents should be, I think, double-poled; and the smaller one, I would suggest, should have a single pole instead of being a Bechobah.

5. These tents ought to be of very strong cloth, and well made, otherwise they will soon be destroyed by the exposure and frequent removals to which they will be subjected.

6. I find it difficult to estimate for the cost of such a suite of tents, as prices vary so very much according to circumstances.

7. I would recommend that they should be supplied by the Commissariat Department, where I believe Field Officers' and Subalterns' Tents are kept in store.

8. I beg leave to point out that, as the Survey Establishment has now taken the field, it is very necessary that these tents should be furnished with as little delay as possible. They are not procurable here at all, and at present the officers of the survey are obliged to lend their own tents for the office people, as the second hand ones which I provided for last season, have become nearly, if not quite useless.

From Captain F. J. B. PRIESTLEY, Superintendent Rev. Survey; to A. HALL, Esq., Collector of South Arcot, dated Cuddalore 12th February 1857, No. 11.

With reference to the Extract Proceedings of Board of Revenue (7th February), which I return, I have the honor to state that the tent for draughtsmen should be large enough to contain from 15 to 20 persons, each seated at a trestle table (the tables are three feet wide and from 4 to 6 feet in length), and some boxes and cases for Maps, paper, drawing materials, &c. the tent for writers should be able to accommodate from 15 to 20 persons seated at the usual Native Accountants' desks, and some large boxes and cases containing records, stationery, &c. A Bechobah of 10 or 12 feet square would answer for the tracing glass.

(A true Copy.)

(Signed) A. HALL, *Collector.*

Resolved that the above letter be laid before Government, with a request that the Board may be authorized to procure the requisite number of suitable tents from the Commissariat Department, the cost being debited against the survey.

(True Extract and Copies.)

(Signed) J. D. SIM,
Acting Secretary.

ORDER THEREON, No. 246; dated 11th March 1857.

The Right Honorable the Governor in Council authorizes the Board of Revenue to procure the Tents noted in the margin from the Commissariat Department, for the use of the Establishment employed under Captain Priestley in South Arcot, debiting the cost to the Survey of that District.

(Signed) H. FORBES,
Acting Secretary to Government.
