Fort Saint George, Revenue Consultation of 17*th March* 1857.

No. 33. Read the following *Extract from the Proceedings of the Board of Revenue*; *dated* 21*st February* 1857, *No.* 556.

Read letter from the Acting Collector of Ganjam dated 10th January 1857.*

**In Cons.* 21*st February* 1857.

(Here enter No. 7.)

In the Minutes of Consultation dated 9th December 1856, No. 1296, Revenue Department, the Government refused to sanction the grant of an extra supply of Teloogoo type for the use of the Ganjam Press, on the ground that a similar quantity of type was forwarded to the Acting Collector as was sent to the other Districts, and was considered sufficient. The Government also noticed that a Press had but recently been established in Ganjam; that consequently the Acting Collector could hardly be in a position to judge of the sufficiency or otherwise of the Type furnished, and that they would be prepared to authorize the purchase of any additional quantity that might be found, after full trial, to be actually wanted.

2. The Acting Collector now explains that he has a small compilation in the Teloogoo language called the "Police Guide," which he is desirous of printing at his Press, but finds that he cannot get the work out unless he is furnished with the additional type previously applied for by him. The book is said to be an Abstract of the orders of the Foujdary Udalut, with some rules of procedure for the use of Native Police officers; and a number of subscribers have been obtained for it from other Districts.

3. As the volume is likely to be useful, the Board would wish every facility to be afforded to the Acting Collector in printing it at his Press; they therefore resolve to recommend that Government should, under the explanations now offered, sanction the supply of the extra type applied for by him.

No. 34. ORDER THEREON, *No.* 259; *dated* 14*th March* 1857.

†*Ex. Mins. Cons.* 9*th December* 1856, *No.* 1296.

On an application by the Collector of Ganjam for the supply of additional Teloogoo type, the Government observed† that they would be prepared to order its supply when an actual necessity was shewn. The Board of Revenue now submit, with their recommendation, a letter from Mr. Knox, explaining that the type is principally required for printing a "Police Guide," a compilation prepared by himself for the use of his Native officers.

2. With the Collector's letter of 25th October 1856, two lists were submitted, of which one was for the types required in addition to that already supplied, and the other, was for capitals for heading notices, &c. The Government do not think it necessary to supply at present the type of the latter description, as it is not wanted for printing the work prepared by Mr. Knox; and as the quantity applied for is large. The Superintendent of the Gazette Press is authorized to supply the Board, for transmission to the Collector of Ganjam, with 265½lb of Teloogoo type as required in the other list, and to submit a contingent Bill for the same for sanction. The Superintendent will be furnished with the Collector's list agreeably to which the supply will be made. The brass rules and space rules mentioned in this list need not be furnished as a sufficient quantity has been ordered in para. 2 of the Extract Minutes of Consultation dated 9th December 1856.

Acting Secretary to Government.
