No. 7. Read the following *Extract from the Minutes of Consultation in the Public Department, under date the 2d March* 1857.

Read the following letter *from Surgeon EDWARD BALFOUR; to T. PYCROFT, Esq., Chief Secretary to Government; dated Madras 2d March* 1857.

SIR,

In my letter, dated 28th October 1856, I asked a copy, for myself, of the Government "*Reports on the External Commerce of the Madras Presidency*," but, by Extract Minutes Consultation dated 24th November 1856, such could not be presented to me.

I subsequently was favored, by Mr. Underwood and Mr. Cochrane, with the loan of a copy of each, for the four years 1852-53 to 1855-56 inclusive; and for my own purposes, I have had prepared an abstract of the same, showing, for each year, the quantity and value of each article exported from, and imported into, the Madras Presidency, with the names of the countries to which each article is sent and from which the imports are brought. Also, finding considerable difficulty in tracing the products from the various Tamul, Teloogoo and Hindustanee names used in the "*Reports*," I have attempted to give the *Synonyms* and hope to trace out the few others still unascertained, after having had this abstract prepared for my own purposes, I thought it might possibly be useful to others, and so I have had three hundred copies of it printed for publication and for sale.

I do myself the honor of enclosing a copy; and, if the abstract be required for any objects of the State, or if Government deem worthy of its patronage, this attempt to condense some items of the voluminous information which the Commercial Reports contain, copies can be supplied by me, of the number struck off, at 2½ Rupees per copy.

I would only add, that what was here done was quite sufficient for my own immediate wants; but, if the community consider this condensing of use there is a large amount of additional information capable of being combined with that now given in this abstract, and matters can be put in train, to obtain this, by the publication of the Commercial Report for the year 1856-57.

Referred to the Revenue Department.

(Signed) T. PYCROFT,
Chief Secretary.
