Fort Saint George, Revenue Consultation of 31st March 1857.

No. 11. Read the following *Extract from the Proceedings of the Board of Revenue*; *dated 5th March* 1857, *No.* 698.

**In Cons. 5th March 1857*

* Read letter from the Collector of Rajahmundry dated 8th January 1857,* relative to the advance sanctioned for the manufacture of salt in Fusly 1266.

(Here enter No. 5.)

C. O. B. R. Vol. 4, p. 86.

Resolved that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council, with reference to Extract Minutes Consultation, dated 4th September 1855, Revenue Department, No. 1012, p. 10 to 13.

2. The Collector states that arrangements have been made for introducing the mode of manufacture pursued in Nellore, in order to improve the quality of the salt produced in his District, and that to enable the manufacturers to carry out the new system, an advance of 10,000 Rupees, including the sum of Rupees 2,200 already sanctioned, is necessary, as the manufacturers, in consequence of the occurrence of two bad seasons, are unable to bear the extra expense which will be entailed upon them by the alteration of their pans, &c.

From Govt. 4th Sept. 1855, No. 1012, R. D.

3. The quantity of salt proposed to be manufactured is 7,50,000 Maunds or 6,250 garce, the Coodewaram or manufacturer's share on which, at the rate of 7 Rupees 7 annas per garce, amounts to Rupees 46,484-6, or more than four times the advance applied for.

From Govt. 7th Cons. 15 Feb. 1856, No. 128.

4. The Coodewaram was lately raised to 7 Rupees per old garce, but this increase of price does not meet the want of capital for preliminary outlay on the pans. The Board regard this case as altogether exceptional, and consider the improvement of the Rajahmundry salt as a matter of great importance. It is within their knowledge that the Collector's first attempts, with that view, have been attended with success. They beg therefore to support the Collector's recommendation that special sanction be granted for the disbursement of a sum not exceeding Rupees 10,000 in advances for the manufacture of salt in Fusly 1266, adequate security being taken from the manufacturers for the re-payment of the amount from their Coodewaram.

From Govt. 4th Sept. 1855, No. 1012, R. D.

5. The advance of Rupees 4,600 sanctioned in Fusly 1265, was not issued to the manufacturers, showing that under ordinary circumstances such assistance is unnecessary.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

No. 12. ORDER THEREON *No.* 289; *dated 25th March* 1857.

1. In the order of Government of the 4th September 1855, No. 1012, the system of granting tuccavy whether in aid of cultivation, or the manufacture of salt, was objected to; and as a part of the measures to effect the discontinuance of the system, the amount of advance on account of salt in the District of Rajahmundry was reduced from Rupees 4,600 for Fusly 1265 to Rupees 2,200 for Fusly 1266, to cease after the latter period, as a matter of usual practice. The Board of Revenue however with reference to this order, now submit with their recommendation an application from Mr. Purvis for an advance of 10,000 Rupees specially, in order to aid the manufacturers in initiating a new and improved system of manufacture, by which it is expected that an article of superior quality will be produced. It is explained that this advance

once made, and the new system fairly established, no further advances will be required by the ryots in future years, as the new pans will not cost more in repair than the old ones.

2. Considering the improvement of the salt in Rajahmundry, a matter which has already come under notice, to be a point of great importance, particularly in connection with the navigation of the Godavery as well as for exportation by sea to Calcutta, the Government as a special case, sanction the proposal to advance ten thousand Rupees including the sum of Rupees 2,200 already authorized, to enable the manufacturers to prepare their pans on the plan adopted in Nellore; sufficient security being taken for the re-payment of the advance from the Coodewarum payable to the manufacturers.

(Signed) H. FORBES,
Acting Secretary to Government.

No 289. 25th March

Submitting a letter
from the Collector of Rajshunday
and supporting the recommend-
ation that Special Sanction
be granted for the disburse-
ment of Rupees 10,000 in advance
for the management of Salt
in Fusly 1266

No 11.

17th March to 24th

Rajpore 4th March 1857.

Sir,

I have the honor to forward herewith a letter from the Collector of Rajshunday, and to recommend that the Government may be solicited to grant Special Sanction for the disbursement of Rupees 10,000 in advance for the management of Salt in Fusly 1266.

2. The Commissioner of Rajpore has not yet given his opinion on this case, but I think this amount of Rupees 10,000 will not exceed the amount of Salt that may be required for the Fusly, and as the Collector has represented that the Rajpore Depôt is at present empty, I do not think that the Board will object to my submitting the Collector's application for sanction to the disbursement of the Rupees 10,000 in advance from the Treasury of Rajpore.

3. The Collector has requested that the Board will move the Government to grant Special Sanction for the disbursement of Rupees 10,000 in advance from the Treasury of Rajpore, and I beg to recommend that the request be complied with.

I have &c

N.D.

№289 5m

Extract from the Minutes of Consultation
Under date the 23rd March 1857.

Read the following
Extract from the Proceedings of the
Board of Revenue.

/Received 5th March 1857 №678/

In the order of Govt
of the 4th Sept 55, No 1012, the
system of granting tuccavy
whether in aid of cultivation,
or the manufacture of salt, was
objected to; and as a part of the
measures to effect the discontinuance
of the system, the amount of
advance on account of salt in
the District of Rajahmundry
was reduced from Rs 4000 for Fasly
1265 to Rs 2200 for Fasly 1266, to
cease after the latter period, as
a matter of usual practice. The
Board of Revenue have in ref-
erence to this order, now sub-
mit with their recommendation
an application from Mr. Ross
for an advance of 10,000 Rs spe-
cially, in order to aid the ma-

manufacturers in initiating a new & improved system of manufacture, by which an article of superior quality is produced. It is claimed that this advance made, & the new system fairly established, no further advances will be required by the Govt in future years, as the new plans will not cost more in repair than the old ones.

Considering the importance of the subject in Nagasaki, a matter which has already come under notice, to be a point of great importance, particularly in connection with the navigation of the Bay, the Govt as a special case, sanction the proposal to advance ten thousand rupees including the sum of Rs. 2,200 already authorized, to enable the manufacturers to prepare their plans on the plan adopted in Nellore, sufficient security being taken for the repayment of the advance from the coolie warrants payable to the manufacturers.
