Fort Saint George, Revenue Consultation of 13th January 1857.

No. 30. Read the following *Extract from the Proceedings of the Board of Revenue ; dated 16th December* 1856, *No.* 4297.

In Cons. 16th December 1856.

Read the following letters from the Collector of Bellary and from the Acting Collector of Tanjore dated 16th and 20th September 1856, submitting Statements shewing the number of lapsed Enams disposed of and the number remaining unexamined.

(Here enter Nos. 102 and 148.)

* *Circular No.* 2100 of 1856.

1. These Returns are supplied in answer to a call* from the Board, dated 10th July 1856, for information respecting the present state of the Collector's files of cases of lapsed Enams, and the following is an abstract of their contents.

Districts.	Total lapses from 1848 to 1856.	Reported to the Board.	Disposed of by the Collectors.	Total.	Balance in September 1856.
Bellary.....	1,062	230	212	442	620
Tanjore.....	1,983	86	33	119	1,864
Total.....	3,045	316	245	561	2,484

2. Most of these Enams have long been pending inquiry, some of them from 1848.

3. In Bellary out of 701 cases before the Collector and Sub-Collector, 230 have been laid before the Board and 212 have been disposed of by the local officers, 119 are nearly ready for disposal and 140 still remain to be examined. The yearly average of cases dealt with has thus been about 50. The Board observe that the Collector's Assistants appear to take no part in these investigations ; but the Board see no reason why the Collector should not avail himself of their aid in this as well as in other departments. There are still 361 cases pending before the Talook Officers.

4. The subject referred to in para 3 of Mr. Pelly's letter regarding the investigation of rent-free tenures was laid before Government in their report of 9th February 1856, No. 390.

5. In Tanjore the file is very heavy comprising 1983 cases of which 86 have been reported to the Board and 33 disposed of in the District. Of the number thus cleared off, 86 have been disposed of by the Collector and 23 by the Special Assistant. The Sub-Collector appears only to have dealt with 2 cases and the Head Assistant with 8, and no explanation is furnished as to the cause of so small a proportion having been disposed of by these Officers.

6. The arrears in the talook are very heavy, and the Board resolve to request the Acting Collector's particular attention to the subject.

7. In their separate Proceedings dated 15th December 1856, the Board have recommeded that an Extra Translator and Goomastah should be entertained in the Cuddapah District for one year, with the express object of clearing off arrears of Enam cases.

8. In Tanjore the ordinary work of the District is very heavy, and the Board think that similar assistance might properly be afforded there also. They resolve to request the Acting Collector to report what is the net value of the Enams now under enquiry, and what additional aid he considers necessary in view to a specific proposition being laid before Government.

9. In Bellary the public establishments are large, and the Board do not consider additional aid so necessary. Mr. Pelly will require greater exertion on the part of his talook officers and call in the aid of his European Assistants in the disposal of the cases on his own file.

Ordered that a copy of these Proceedings, together with the letters recorded above, be submitted for the information of Government, with reference to the Extract Minutes Consultation

7th August 1856, No. 831, and that a copy be forwarded to the Collectors of Bellary and Tanjore.
