Fort Saint George, Revenue Consultation of 7th April 1857.

No. 47. Read the following *Extract from the Proceedings of the Board of Revenue; dated 23d March 1857, No. 896.*

Read letter from the Acting Collector of Salem dated
* In Con. 23d March 1857, No. 1038. 17th March 1857.*

(Here enter No. 48.)

Resolved that the above letter be submitted for the consideration and orders of Government.

2. In this communication, the Acting Collector of Salem requests instructions as to the fund from which he is to defray any expenses which may be incurred in the construction of such cattle-pounds as may be found necessary in order to give effect to Act III. of 1857.

3. The Board observe that the fines imposed and the unclaimed proceeds of cattle sold under the enactment referred to, will form a fund for the payment of these and other expenses incurred in carrying out its provisions; but until such a fund is created by the accumulation of these receipts the necessary means must, they conclude, be supplied by Government.

4. The expense will not, the Board presume, be heavy, as many pounds already exist, but it is necessary to provide some for the due fulfilment of Act III. of 1857, which is to take effect from the 1st May.

5. The Board therefore request the instructions of Government on the question raised by the Acting Collector. It seems to them that the best course will be to authorize the Collectors as Magistrates to incur such expenses on this account as may be really necessary on their own responsibility, and to submit a Statement of such charges periodically for sanction of Government; a limit, if deemed expedient, being imposed as the maximum cost for each pound. This course will obviate the necessity of keeping a separate special account of all sums realized under the Act.

6. The Board also wish to be informed by what Department Government desire such arrangements to be carried out.

Acting Secretary to Government.

Section XII.

The Board observe that the
