Fort Saint George, Revenue Consultation of 21st April 1857.

No. 348.

No. 12. *Extract from the Minutes of Consultation under date the 15th April 1857.*

Read again Extract from the Proceedings of the Board of Revenue, dated 15th November 1855, and recorded in Consultation 28th March 1856, No. 1513.

1. With the above Proceedings, the Board of Revenue submitted a report from the Collector of Bellary, proposing reductions in the assessment of his District. The Board have given their views at some length upon this report, and Mr. F. Maltby, lately Acting Third Member, has recorded a separate Minute.

2. These interesting papers have received full consideration from Government, and they are prepared to pass their orders upon the several propositions made by Mr. Pelly, and upon the recommendations of the Board of Revenue, but as some little time may elapse before the proceedings of Government are printed, and ready for despatch to the Board's office, and as it is very desirable that relief should be afforded during the current settlement to the most highly assessed lands, the Government resolve to request the Board of Revenue to convey authority to the Collector at once to reduce to 12 Rupees all single crop Nunjah land bearing a higher assessment, charging fifty per cent. additional on a second crop being raised; and to reduce to 3 Rupees an acre, all Poonjah land now assessed at a higher rate. Mr. Pelly will further be instructed to levy the tax for the second crop on all Nunjah lands, at one half of the assessment for the first crop.

3. These measures, which are to be general throughout the District, will be adopted during the settlement of the present year, and will give the relief which is more immediately required pending the issue of the orders of Government on the further modifications of the assessment proposed by the Collector and the Board.

(Signed) H. FORBES,
Acting Secretary to Government.
