Fort Saint George, Revenue Consultation of 5th May 1857.

No. 18. Read the following *Extract from the Proceedings of the Board of Revenue; dated 20th April 1857, No. 1207.*

Read again letter from the Collector of North Arcot dated 10th September and recorded in Consultation 1st December 1856.

Read also the following letter from the same officer, reporting
Dated 23rd January in that Porumboke land in the village is not a convenient site for build-
Cons. 20th April 1857. ing houses on.

(Here enter No. 13.)

Resolved that the above letters be laid before Government for their orders.

2. In the first of the letters recorded above, the Collector applies for sanction to remit the assessment of Rupees 2-6-2 leviable on $\frac{5}{8}$ of a cawney of Nunjah land, which has been waste for ten years, and on which certain ryots have built their houses in consequence of the ground previously occupied by them being liable to inundation from its proximity to an irrigation channel.

3. There is a large extent of Porumboke land, both Nunjah and Poonjah, in the village of Chemtanghee; but the Nunjah Porumboke is within the water spread of the Caveripauk tank, and the Poonjah is one mile distant from the village. There being thus no convenient site for building, the occupation of this small spot of Nunjah waste for this purpose seems unobjectionable, and the Board recommend that it may be held free of assessment so long as it is so occupied.
