No. 33. Read the following *Extract from the Minutes of Consultation in the Military Department, dated 9th April 1857, No. 1206.*

Read the following letter *from the Military Board; to the Secretary to Government Military Department, No. 371.*

SIR,

With reference to Minutes of Consultation No. 668, dated 26th February 1857, we have the honor to state that the Carnatic Ordnance Artificer proposed to be employed under the Conservator of Forests has proceeded to Persia.

2. In all future arrangements ordering the employment of any men belonging to the Ordnance Establishments, we suggest to Government that it would facilitate that portion of the duties we supervise on behalf of Government, if the orders conveyed to us for withdrawing men for other Departments clearly stated whether the men so withdrawn are temporarily or permanently transferred, and whether if temporarily, any portion of the pay to be drawn by the men when absent from ordnance duties, is to be charged against the Ordnance Department.

3. We are anxious to aid the various Establishments under Government in men or materials; but we are very much restricted in the former, and require time to provide the latter, but we think that by timely notice, and clear instructions, we can always overcome difficulties.
