Fort Saint George, Revenue Consultation of 12th May 1857.

No. 31. Read the following letter from L. FORBES, Esq., Acting Sub-Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government, Revenue Department; dated Fort St. George, 27th April 1857, No. 1307.

SIR,

With reference to Extract Minutes Consultation, dated 3d July 1856, No. 685, Revenue Department, I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council, the accompanying letters from the Collector of Tinnevelly, dated 2d February and 3d April 1857,* regarding the employment of Extra Goomastahs to assist the fixed Establishment in the preparation of the details of the Jummabundy accounts.

* *In Consultation 27th April 1857, Nos. 582-1297.*

2. The Collector reports, that of the new forms of Statements ordered to be substituted for those which have hitherto accompanied the annual Report, two forms marked A and D of No. 3 contain more items and columns than those comprised in the forms furnished for the guidance of the Curnums, and that therefore separate Talabund accounts, showing such details as will be required to fill up the former, which are suited to the system of the District, will have to be prepared during the Jummabundy on paper for each village. This work, the Collector states, cannot be performed by the Curnums alone, and the two statements in question are now being prepared according to the old forms, in consequence of the new forms of talook and District accounts referred to in para. 1 of the Government Circular Memorandum, dated 2d August 1856, not having as yet been received.

3. It is further stated that in the Ooloongoo and Amany villages, the Fieldwar accounts are usually kept by the Curnums themselves, and that the Hungamy Goomastahs have hitherto prepared on paper from the dictation of the number of Curnums, the detailed accounts of the total cultivation and revenue brought to account under each of the several heads composing the land revenue of each village. After these accounts have been examined by the talook and Huzzoor Goomastahs, the Curnums prepare Puttahs on Cadjans for distribution to the ryots.

4. The Collector observes that it will be some time before all the Curnums become familiar with the new forms, and accustomed to write on paper, and that therefore the talook and Huzzoor Goomastahs will have in addition to checking the Curnums' accounts to explain to them how they are to be prepared. In paras. 4 and 5 of his second letter he submits further information regarding the nature of the work which in the Jummabundy months devolve upon the Goomastahs and the Curnums. In fact Mr. Silver considers that the business connected with the settlement of the current year cannot be carried on without the aid of extra Goomastahs.

5. Under these circumstances, the Board support the Collector's recommendation that sanction be granted for the entertainment in Fusly 1266, of the Extra Establishment entered in the margin as a special case, at an expense of Rupees 900.

6. The report alluded to in para. 2 of the letter 2d February 1857, under notice, will be laid before Government as soon as possible after the reports from the other Districts on the

same subject are received in this office. It may however be here observed that the new forms of village accounts were not introduced into the District in Fusly 1265, owing to the late period at which they were received, but the Collector states that this will be done in the present year.

No. 32. ORDER THEREON, No. 437; dated 9th May 1857.

Under the peculiar circumstances represented by the Collector of Tinnevelly, and supported by the Board of Revenue, the Right Honorable the Governor in Council is pleased to sanction as a special case, the employment of an extra establishment in Fusly 1266 to assist the fixed establishment in the preparation of the details of the Jummabundy accounts, at a cost not exceeding Rupees (900) nine hundred.
