Fort Saint George, Revenue Consultation of 19th May 1857.

No. 52. Read the following Extract from the Proceedings of the Board of Revenue dated 2d May 1857, No. 1373.

Read the following letter from H. NEWILL, Esq., Acting Collector of Guntoor; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue Fort Saint George; dated Baupetlah 3d April 1857, No. 48.

SIR,

I have the honor to submit, in the prescribed form, a Statement of the charge proposed for employing a Sea Custom Goomastah at the Ports of Nizampatam and Cottapalem in this District.

2. The duties at these Ports have hitherto been conducted by the Salt Establishment at Nizampatam; but as the salt store at that place is immediately to be done away with and the Establishment dispensed with, it is absolutely necessary that a Goomastah should be entertained for the Sea Custom duties. I have proposed a salary of only Rupees (7) seven for the Goomastah, as this is what is drawn at the other Ports, and the Government may not be disposed to exceed this, though I should be glad to see the Sea Custom Establishment altogether placed on a better footing. The trade carried on at these two Ports in the last 5 years is shewn in the marginal statement of the value of Imports and Exports, and it is expected to be greatly enlarged as the Kistna irrigation increases the products of the Delta for which these Ports form a convenient outlet.

Official year.	Value of	
	Imports.	Exports.
1851-52	Rs. 50,949	Rs. 28,630
1852-53	32,788	69,360
1853-54	23,529	92,501
1854-55	35,825	1,25,970
1855-56	49,423	1,34,258

3. The Board are aware that there is a considerable saving to the extent of Rs. 296-12-0 by the re-organization of the Salt Department, which has caused the necessity for the charge now proposed, so that this is in fact no additional expenditure, but the diversion of a portion of existing charges into the department to which it properly belongs.

Submitted for the favorable consideration of the Right Honorable the Governor in Council.

2. The charge involved in the present application is additional to what is now incurred, as in remodelling the salt establishments of the Northern Circars generally, the saving effected in one District will be absorbed in meeting the deficiencies of other salt establishments, and in providing for all a Superintendent on an improved salary.

No. 53. ORDER THEREON, No. 470; dated 19th May 1857.

Ordered that the Tabular Statement received with the Proceedings above recorded be submitted for the sanction of the Government of India with the following recommendation.

Official year.	Value of	
	Imports.	Exports.
1851-52	Rs. 50,949	Rs. 28,630
1852-53	32,788	69,360
1853-54	23,529	92,501
1854-55	35,825	1,25,970
1855-56	49,423	1,34,258

"The Collector states that the duties connected with the Sea Customs at the ports of Nizampatam and Cottapalem in Guntoor, have hitherto been conducted by the Salt Establishment at Nizampatam, but that as the salt store at that place is immediately to be abolished, the services of a separate Goomastah for the Sea Customs are absolutely necessary. The trade carried on at these ports is shewn in the margin; and there appears to have been a progressive increase in Exports. Under these circumstances, the authority of the Government of India is solicited for the entertainment of the proposed Goomastah."

"The salary of this Goomastah cannot be met from the reduction said above to have been made in the Salt Establishments, because in remodelling those Establishments in the Northern Circars generally, the reductions effected in one District have been required to meet an increase in another, and to afford the means of providing for all a Superintendent on a sufficient salary."
