No. 49. Read the following *Extract from the Proceedings of the Board of Revenue; dated 19th December* 1856, *No.* 4332.

Read letter from the Acting Collector of Malabar dated 14th
In Cons. 19th December 1856. October 1856.

(Here enter No. 131.)

Resolved that the foregoing letter be submitted for the information of the Right Honorable the Governor in Council, with reference to Extract Minutes of Consultation dated 9th May 1856, Revenue Department No. 476.

2. In submitting their Report to Government, upon the suit instituted for the recovery of a Salt compensation allowance, the Board, under date 3d May 1856, expressed a wish that the Collector had entered into some detail, regarding the transaction which led to the institution of legal proceedings; and the Government, in their reply, directed that the necessary information should be called for and submitted to them.

3. In his present letter the Collector furnishes the required information. It will be seen that the land for which compensation was paid in this case for a series of years, in consequence of the suppression of the manufacture of Salt, was the Jenm property of Government, and that when this circumstance came to the knowledge of the late Collector, Mr. Conolly, he discontinued the allowance, on the ground that full compensation had been granted for all expenses incurred in forming the Salt Pan, and that annual compensation for the land itself was only due in cases where it also belonged to private parties.

4. A similar course was adopted by the late Collector towards several other parties who had in like manner received compensation for land which belonged not to them but to Government.

5. The matter is now before the Courts, and the result of the suit will be reported in due course.

(A true Extract.)
