Fort Saint George, Revenue Consultation of 26th May 1857.

No. 24. Read the following Extract from the Proceedings of the Board of Revenue; dated 11th May 1857, No. 1516.

Read letter dated 5th March 1857,* from the Acting Collector of Guntoor.

* *In Consultation 11th May 1857.*

(Here enter No. 33.)

With the above letter the Acting Collector submits plans, and estimates of the cost of two Choultries erected at Purchoor and Nundipaud on the Northern road from Madras to Calcutta, and recommends that lands of the value of Rupees 40 per annum may be granted in endowment of the former, and Rupees 30 of the latter.

2. The Choultries, for whose erection the requisite sanction was obtained, have been completed at an estimated cost of Rupees 1,886 and Rupees 1,114 respectively, and are reported to be well adapted for the accommodation of all classes.

3. Purchoor and Nundipaud are situated on the road between Ircolloo and Pruttipaud, and are only 8 miles apart, but Mr. Newill remarks that the Nundipaud Choultry is more convenient for public accommodation by being equidistant between Purchoor and Pruttipaud, than if it had been built 10 miles from either of those places. Adverting also to the nature of the road which runs for the greater part of the distance through black cotton soil and is very bad, he trusts that this case may be admitted as one of the exceptions contemplated in para. 3 of the Choultry rules.

4. The Board concur in the view taken of the case of the Acting Collector, and resolve to submit his letter for the orders of Government, with their recommendation that sanction be accorded for the grants proposed.

(A true Extract.)

(Signed) L. FORBES, *Acting Sub-Secretary.*

Ordered in consequence that the following letter be despatched.

No. 25. From H. FORBES, Esq., Acting Secretary to the Government of Fort Saint George; to the Secretary to the Government of India, dated 23d May 1857, No. 490.

SIR,

I am directed by the Right Honorable the Governor in Council to submit, for the favorable consideration of the Government of India, a recommendation from the Board of Revenue, for the grant of waste lands, in endowment of two Choultries erected in the Guntoor District. One of these Choultries has been erected at Purchoor, and the other at Nundipaud, on the Northern road from Madras to Calcutta, the former, at an estimated cost of Rupees 1,886, and the latter of Rupees 1,114.

2. These buildings are reported to be well adapted to their purpose, and open to all classes. The Choultry rules appear to have been generally complied with in both cases, and the only exception to be noticed is the situation of the two Choultries within ten miles of each other on the same road, between Ircolloo and Pruttipaud; but they appear to be sufficiently apart, being 8 miles distant from one another, to make them both useful.

3. I am, under these circumstances, desired to request the authority of the Government of India for assigning lands of the value of Rupees 40 per annum, in endowment of the Purchoor Choultry, and of Rupees 30 for the one at Nundypaud.
