Fort Saint George, Revenue Consultation, of 26th May 1857.

No. 30. Read the following Extract from the Proceedings of the Board of Revenue; dated 11th May 1857, No. 1529.

Read the following letter from the Collector of Chingleput, dated 24th January 1857.*

(Here enter No. 36.)

In the foregoing letter the Collector states that he is not prepared to carry out any reductions in the Cash Department, in consequence of the removal of his Treasury from Conjeveram to Guindy, but will report upon the subject when he has been provided with a convenient building for the use of his office and Printing Press. He also adverts to the great increase which has taken place in the correspondence connected with the Department of accounts.

2. The Board resolve to submit the above letter for the information of the Right Honorable the Governor in Council, with reference to Extract Minutes of Consultation dated 14th January 1857, No. 59, Revenue Department.

3. The provision of a suitable building for the Collector's Cutcherry is still under consideration, the plans of one submitted by the Collector being on a more extensive scale than the Board deem necessary. The subject of a reduction in the number of Shroffs will be more conveniently considered when the general establishment of the District is revised, as will be necessary if the Board's proposition for the employment of Deputy Collectors in this District as well as Guntoor and Nellore meets with the approval of Government.

No. 31. ORDER THEREON, No. 493; dated 23d May 1857.

1. With these Proceedings, the Board of Revenue submit a letter from the Collector of Chingleput, stating he is not prepared to make any reduction in the strength of his Treasury Establishment, in consequence of the transfer of his Huzoor Treasury from Conjeveram to Guindy, a measure which was sanctioned in an Extract from the Minutes of Consultation dated the 14th of January last, No. 59, and on the accomplishment of which, it was anticipated by Government, that some reduction might be made in the Establishment, in consideration of the fact that the transfer to the General Treasury of all money above the sum necessary for the immediate disbursements of each month, would lessen the responsibility of the Cashkeeper, and the duties of his subordinates.

2. Mr. Shubrick objects to the reduction suggested, and proposes to postpone the consideration of the measure until a new Cutcherry has been provided for his whole establishment.

3. It is not very clear to the Government what the nature of the building in which the Collector's Cutcherry is held, can have to do with the strength of the Treasury Establishment, but there are other grounds which induce them to forbear, for the present, to press their former order. No change, it is observed, has been made, excepting in the amount retained in the Collector's Cutcherry; the same amount that was received at Conjeveram, is still received at Guindy, the same sum passes through the Cashkeeper's hands, and the same sum has to be examined and passed by the Shroffs; a monthly remittance is now made to the General Treasury, and this probably gives rather more trouble to the Establishment than they had, when, as in all Mofussil Treasuries, the remittance was made once a year. That a smaller sum is generally in the Treasury, may be an argument for diminishing the guard, but the Government are willing to admit that, with the increase of business represented by the Collector in his Account Department, there is not the necessity which they formerly supposed for a reduction in the Treasury Establishment.

(Signed) H. FORBES,

Acting Secretary to Government.
