Fort Saint George, Revenue Consultation of 9th June 1857.

No. 540.

No. 5. Extract from the Minutes of Consultation under date the 3d June 1857.

Statement shewing the state of the season in certain Districts for the month of April, submitted by the Board of Revenue 19th May 1857, No. 1649. —

1. The Government are of opinion that the season Reports submitted by Collectors to the Board of Revenue would be rendered more valuable, if they contained information of the exact quantity of rain that had fallen at a given number of places in each District.

2. These places should be selected as possessing the characteristics of certain well defined portions of the District, one for instance being on the coast, one on the plains, one on high table land, one on hills, and one on mountains; these distinctions being of course modified according to the position and circumstances of each District.

3. The Board of Revenue will be requested to obtain this additional information from the Districts in future, informing the several Collectors that the Government wish that their arrangements should be so made as not to delay the transmission of their season Reports.

(Signed) H. FORBES,
Acting Secretary to Government.

No. 540 5/54

Extract from the Minutes of Consultation

Under date the 5th June 1857.

Statement Showing the
State of the season in certain
Districts for the month of April
submitted by the Board of
Revenue 19th May 57 to Govt.

The Government are
of opinion that the season Re-
ports submitted by Collectors
to the Board of Revenue
would be rendered more valu-
able, if they contained infor-
mation of the exact quantity
of rain that had fallen at
a given number of places
in each District.

These places should be
selected as possessing the
characteristics of certain
well defined portions of the
District, one for instance

being

being on the coast, one on the plains, one on high table land, one on hills, and one on mountains these distinctions being of course modified according to the position and circumstances of each District.

The Board of Revenue will be requested to obtain this additional information from the Districts in future, informing the several Collectors that the Government wish that their arrangements should be so made as not to delay the transmission of their season reports
