No. 21. Read the following Extract from the Proceedings of the Board of Revenue; dated 19th May 1857, No. 1671.

* *In Consultation 19th May* 1857.

(Here enter No. 38.)

Resolved that the foregoing letter be submitted for the orde s of the Right Honorable the Governor in Council.

2. In Extract Minutes Consultation 15th April 1857, No. 348, R. D., Government were pleased to authorize the reduction, to Rupees 12, an acre of all single crop Nunjah land bearing a higher assessment than Rupees 12, fifty per cent. additional being charged on a second crop being raised; but specific mention was not made regarding the assessment of the second crop in well lands. In the letter recorded above Mr. Pelly asks, whether the second crop in well lands is to be liable to the additional cess of 50 per cent.

3. In Mr. Pelly's original proposition it was recommended that an additional tax should not be levied on account of a second crop in this description of lands, and the Board in paras. 13-29 and 47 of their Proceedings dated 15th November 1855, No. 3042, supported that opinion in consideration of the extra labor and expence to which the owners of well lands were exposed. In submitting Mr. Pelly's present reference for orders, the Board would beg to reiterate the views before expressed.
