No. 589.

No. 39. Extract from the Minutes of Consultation under date the 13th June 1857.

Tabular Report of a Lapsed Jageer in the District of Bellary for the 4th Quarter 1856 dated 20th December 1856 and submitted with remarks of the Board of Revenue 27th April 1857.

The Board of Revenue are correct in stating that this case is analogous to the one in which resumption was ordered in Extract Minutes Consultation of 8th August 1856, No. 837. In both cases the enam was granted by one who had no authority to alienate land in perpetuity, and the grants are not hereditary in their terms. The Board now propose that the village shall be resumed, the resumption dating from July 1st of the present year, as the heirs of the last incumbent have enjoyed the produce for the current fusly; and that a pension of 12 Rupees a month be granted to each of the four sons, and of 8 Rupees to the daughter of the deceased Jageerdar for their lives.

2. In the case referred to by the Board as analogous to the one now under consideration the deceased Enamdar left a son to whom, in consideration of the length of time during which his family had held the enam, a monthly pension of 25 Rupees was granted, and the Government consider that the principle then acted upon is applicable to the present case. They resolve therefore to request the Board to order the resumption of the enam from the 1st of next July, and application will be made to the Government of India regarding pensions to the children of deceased.

(Signed) H. FORBES,
Acting Secretary to Government.

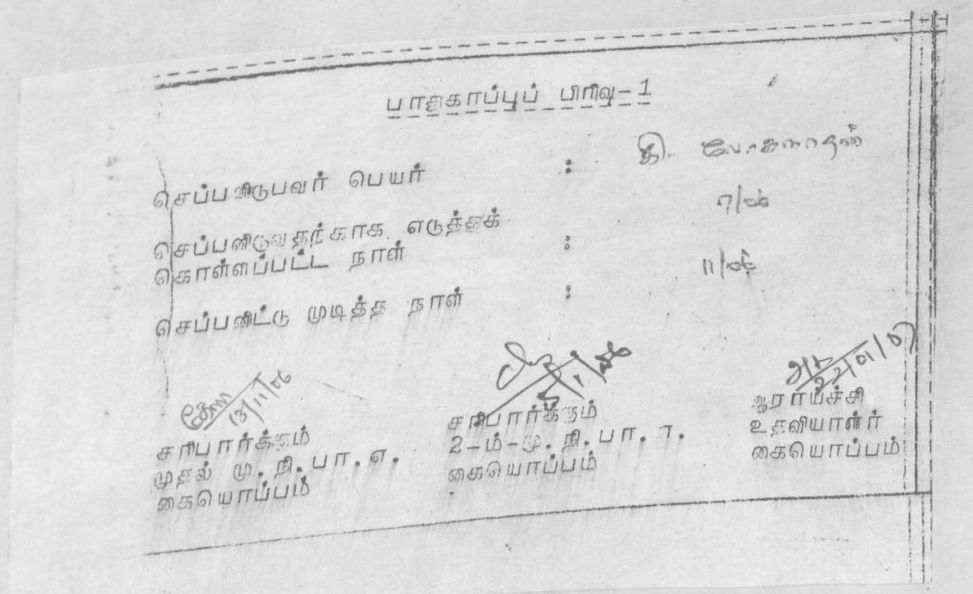

Ordered in consequence that the following letter be despatched.

No. 40. From H. FORBES, Esq., Acting Secretary to the Government of Fort Saint George; to the Secretary to the Government of India; dated 13th June 1857, No. 590.

SIR,

I am directed by the Right Honorable the Governor in Council to submit, for the orders of the Government of India, the following circumstances connected with an application for the grant of money allowances to the surviving family of the late Mooneermeya, who held the Jaghire villages of Dhanapoor, Condapoor and Pedda Pendacull in the District of Bellary.

2. The first of these villages was granted in 1757 by Bussabut Jung, Naib of Adonie, to one Sahaphyzoollah Saib Shukurcoote, by whom it was alienated to his son-in-law Hissamohadeen, alias Candoomeya. The other two villages of Condapoor and Pedda Pendacull were obtained by Hissamohadeen himself; the former in 1780 from Bussabut Jung, and the latter in 1790 from Mohobuth Jung, Naibs of Adonie. The deceased Mooneermeya was the brother's son of the above mentioned Hissamohadeen, who adopted him while he was a boy, and executed a deed of gift in 1814, conferring on him the three villages and all his other property. Mooneermeya died on the 16th August 1855, leaving four sons and a daughter; and a claim to the villages has been preferred by the eldest son. The Collector and the Board however consider the claim inadmissible, on the ground that, as in the case reported in Mr. Bourdillon's letter of the 8th August 1856, No. 838, the grant was made by one who had no authority to alienate land in perpetuity, and that its terms are not such as to confer an hereditary title. At the same time, looking to the long period during which the villages have been in the possession of the family, viz. Dhanapoor 98, Condapoor 75, and Pedda Pendacull 65 years, they consider the surviving members entitled to the same indulgent consideration that was shown in the case just

quoted. In recommending therefore the resumption of the villages, the Board support the Collector's proposal that a pension of twelve Rupees a month may be granted to each of the four sons, and of eight Rupees to the daughter of the deceased Jaghiredar, for their lives; the total pension amounting to Rupees 672 per annum, or to a little more than one half the present value of the jaghire, Rupees 1,288.

3. The Right Honorable the Governor in Council concurs in the view which the Board have taken of this case, and has authorized the resumption of the villages from the 1st July next, as the heirs of the late incumbent have enjoyed the produce of the current Fusly; and he now desires me to recommend that the pensions above proposed, amounting in the aggregate to Rupees 672 per annum, may be granted, from the date of resumption, to the four sons* and daughter† of the deceased for their respective lives.
