No. 58. Read the following letter from J. D. SIM, Esq., Acting Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government, Revenue Department, dated Fort St. George 8th June 1857, No. 1914.

SIR,

I am directed to submit for the consideration and orders of Government, the accompanying letter from the Acting Collector of Madura, * proposing to make over the Head Assistant's Cutcherry at that station, which owing to the Head Assistant residing chiefly at Ramnad is at present very little used, to the District Engineer.

* *Dated 1st in Cons. 23th April* 1857.

2. The Board are aware, that situated, as they are outside the town, the premises in question are very well adapted for the purposes of that officer, which, as they learn from the letter of the Assistant to the Chief Engineer, noted in the margin, include an office as well as a yard.

16th May in Cons. 8th June 1857.

3. They beg therefore to give the proposal to transfer the premises to the Department of Public Works their support. At the same time it is necessary that they should apprize Government of the possibility of another room being required for the Collector's Department, as the Cutcherry contains only one room, in addition to the accommodation used by the Collector upstairs, which consists of two small rooms opening into each other in such a manner as to preclude the reading of Urzees going on in both at the same time.

No. 59. ORDER THEREON, No. 627; dated 23d June 1857.

The Acting Collector of Madura proposes to make over to the District Engineer the Head Assistant's Cutcherry, which is situated outside the Town, and is represented to be now very little used, in consequence of the Head Assistant chiefly residing at Ramnad. The Board of Revenue support the proposal, but at the same time bring to the notice of Government the possibility of another room being required for the Collector's Department. Under the circumstances stated, the Government approve of the transfer of the building in question, and direct that it may be accordingly made. They remark, that, even if an additional room be required for the Head Assistant Collector, it will be more convenient that he should be in the Collector's Cutcherry than at a distance from it.
