No. 64. Read the following letter from HENRY F. BLANFORD, Assistant in charge of Madras the Party of the Geological Survey of India; to the Chief Secretary to the Government of Madras; dated 29th May 1857, No. 2.

SIR,

With reference to my letter No. 1 dated 26th May, in which I reported to you my intention of shortly commencing the Geological Survey of the Neilgherry Hills and the adjoining portions of the table land of Mysore, I have the honor to request that you will allow any Manuscripts or printed reports containing information on the Geology and Physical Geography of those Districts which may be in the hands of Government to be forwarded to me for inspection. Also that you will issue instructions to the Commissioners of the above Districts to furnish the Survey party with such local information as may aid them in the successful and rapid prosecution of the survey.

2. I have moreover the honor to request that instructions be forwarded to the Treasurer of Fort St. George to advance for the month of June on my receipts a sum not exceeding Company's Rupees two thousand five hundred, (2,500,) being that sanctioned by the Government of India for the Madras party of the Geological Survey, and that the Treasurer at Ootacamund be likewise instructed to advance monthly a similar sum, commencing with the month of July.

3. I have further to request that the Survey party be provided with a native Doctor and furnished with a sufficient supply of medicines for the entire party.

No. 65. ORDER THEREON, No. 630; dated 23d June 1857.

Ordered that the above letter be communicated to the Board of Revenue, and that they be requested to instruct the Collectors of Coimbatore and Malabar to afford the party about to be engaged in the Geological Survey of the Neilgherries, and table land of Mysore, all the information they may possess, or are enabled to obtain, on matters connected with the survey, and generally to render them all the aid in their power. A communication will be made by Government to the Commissioner of Mysore, in view to similar aid being afforded by the officers of the Mysore Government.

2. Mr. Blanford has also requested to be furnished with manuscripts, or printed reports, containing information on the Geology and Physical Geography of the abve Districts, but with the exception of a memoir written by Captain Ouchterlony when he surveyed the Neilgherries, and a few papers published in the Madras Journal of Literature and Science, the Government are not enabled to meet this requisition. Regarding some of the provinces to the south, the Government believe that the Revd. Mr. Muzzy, a Missionary, residing at Madura is in possession of the best information. They, believe however that there are several other published papers bearing on this subject available, such as Dr. Benza's Geological papers on the Neilgherries, the Northern Circars, and elsewhere, in the Madras Journal of Literature and Science; several papers by Captain Newbold in the Royal Asiatic Socity's and Madras Journal; a paper by Captain Newbold in the Calcutta Review; and papers by Drs. Cole, Christie, W. Clarke and others, in the Madras Journal. They think also that some papers by Dr. Voysey attatched to Colonel Lambton's survey, are to be found either in the Asiatic Researches or some Bengal Journal. The Government regret that they are not enabled to supply any of these publications, and that they can only refer Mr. Blanford to them.

See No. 34 Vol. XV. of the Madras Journal of Literature and Science for 1848, page 1, 150, 160.

3. The Accountant General will be requested, with reference to para. 2 of the above letter, to advance to the Assistant in charge of the Geological Survey, the sum of Rupees (2,500) two thousand and five hundred for the month of June, and to arrange for the future monthly payments being made at Ootacamund.

4. The Government have in Extract Minutes Consultation 27th May 1857, No. 506, directed that the services of a Medical Subordinate, with a supply of medicines, be placed at the disposal of Mr. Blanford, and they now resolve to communicate his present request to the same effect to the Military Department in continuation of the former order.

(Signed) H. FORBES,
Acting Secretary to Government.

Fort Saint George, Revenue Consultation of 23d June 1857.

Ordered in consequence that the following letter be despatched.

No. 66. From H. FORBES, Esq., Acting Secretary to the Government of Fort Saint George; to the Commr. for the Govt. of the Territories of His Highness the Rajah of Mysore; dated 23d June 1857, No. 631.

SIR,

From Govt. of India 2d April 1857, No. 461 and order thereon.
From do. 8th May " " 646 and do.
From Asst. Sup. Geo. Survey 26th May 1857, and do
From do. 29th " and do.

I am directed by the Right Honorable the Governor in Council to forward, for your information, copies of the papers noted in the margin, having reference to the Geological Survey of the Madras Presidency.

2. Mr. H. F. Blanford, Assistant to the Superintendent of the Geological Survey of India, has already arrived in charge of a Survey party, and proposes to commence the Survey of the Neilgherry range, and the table land of Mysore. The Government have, on his requisition, issued instructions to the Collectors of Coimbatore and Malabar, to afford him all the aid in their power, and as it will be necessary that he should be provided with similar assistance from the officers of the Mysore Government, the enclosed papers are forwarded for any orders that you may be pleased to issue.

3. Mr. Blanford has requested that he may be furnished with manuscripts, or printed reports, containing information on the Geology and Physical Geography of the above mentioned Districts, but with the single exception of a memoir written by Captain Ouchterlony when he surveyed the Neilgherries, the Government have not been enabled to meet this requisition. The Government have alluded to this subject in order that you may be made acquainted with Mr. Blanford's wants.

REVENUE DEPARTMENT.

No. 630.

Extract from the Minutes of Consultation under date the 23d June 1857.

Read the following letter from HENRY F. BLANFORD, Assistant in charge of the Madras Party of the Geological Survey of India; to the Chief Secretary to the Government of Madras; dated 29th May 1857, No. 2.

SIR,

With reference to my letter No. 1 dated 26th May, in which I reported to you my intention of shortly commencing the Geological Survey of the Neilgherry Hills and the adjoining portions of the table land of Mysore, I have the honor to request that you will allow any Manuscripts or printed reports containing information on the Geology and Physical Geography of those Districts which may be in the hands of Government to be forwarded to me for inspection. Also that you will issue instructions to the Commissioners of the above Districts to furnish the Survey party with such local information as may aid them in the successful and rapid prosecution of the survey.

2. I have moreover the honor to request that instructions be forwarded to the Treasurer of Fort St. George to advance for the month of June on my receipts a sum not exceeding Company's Rupees two thousand five hundred, (2,500,) being that sanctioned by the Government of India for the Madras party of the Geological Survey, and that the Treasurer at Ootacamund be likewise instructed to advance monthly a similar sum, commencing with the month of July.

3. I have further to request that the Survey party be provided with a native Doctor and furnished with a sufficient supply of medicines for the entire party.

Ordered that the above letter be communicated to the Board of Revenue, and that they be requested to instruct the Collectors of Coimbatore and Malabar to afford the party about to be engaged in the Geological Survey of the Neilgherries, and table land of Mysore, all the information they may possess, or are enabled to obtain, on matters connected with the survey, and generally to render them all the aid in their power. A communication will be made by Government to the Commissioner of Mysore, in view to similar aid being afforded by the officers of the Mysore Government.

2. Mr. Blanford has also requested to be furnished with manuscripts, or printed reports, containing information on the Geology and Physical Geography of the abve Districts, but with the exception of a memoir written by Captain Ouchterlony when he surveyed the Neilgherries, and a few papers published in the Madras Journal of Literature and Science, the Government are not enabled to meet this requisition. Regarding some of the provinces to the south, the Government believe that the Revd. Mr. Muzzy, a Missionary, residing at Madura is in possession of the best information. They believe however that there are several other published papers bearing on this subject available, such as Dr. Benza's Geological papers on the Neilgherries, the Northern Circars, and elsewhere, in the Madras Journal of Literature and Science; several papers by Captain Newbold, in the Royal Asiatic Socity's and Madras Journal; a paper by Captain Newbold in the Calcutta Review; and papers by Drs. Cole, Christie, W. Clarke and others, in the Madras Journal.
