Fort Saint George, Revenue Consultation of 23d June 1857.

No. 73. Read the following Extract from the Proceedings of the Board of Revenue; dated 16th June 1857, No. 2070.

Read letter from the Acting Collector of Tanjore, dated 9th May 1857,* reporting that the irregular distribution of water between the Cavery and Vennar and the unsatisfactory state of the Codamoorty river have engaged attention.

*In Cons. 16th June 1857.

(Here enter No. 74.)

Resolved that the foregoing letter be communicated to Government for information, with reference to para. 16 of the Board's Proceedings dated 12th March 1857.

2. In the Proceedings quoted above, the Board requested to be informed whether any measures had been adopted to ensure a more regular distribution of water between the Cavery and Venar rivers, an improvement which appeared by the correspondence engaging the attention of the Board at the time to be urgently called for, and whether the unsatisfactory state of the Codamoorty river, also referred to in that correspondence, had been brought to the notice of the District Engineer.

3. The Acting Collector now states that the irregularity at the head of the Venar has been corrected by the construction of a dam; and that pending the construction of a regulating dam at the head of the Codamoorty, certain projections in its bank are being removed to give the freshes wider way and prevent an accumulation of silt.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

No. 74. ORDER THEREON, No. 635; dated 23d June 1857.

Ordered that the foregoing Extract be recorded.

(Signed) H. FORBES,

Acting Secretary to Government.

No 2070

Extract from the Proceedings of the Board of Revenue dated 16 June 1857

Read Letter from the a.g Collector of Tanjore dated 9 ulto 1857.

In Con 16th June 1857. reporting that the irregular distribution of water between the Cavery and Vennar and the unsatisfactory State of the Coleroon by river have engaged attention

(Here Enter No 4)

Resolved that the foregoing letter be communicated to Government for information with reference to para 16 of the Board's Proceedings dated 12th March 1857

2. In the Proceedings quoted above the Board requested to be informed whether any measures had been adopted to ensure a more regular distribution of water between the Cavery and Vennar river- an improvement which appeared by the correspondence engaging the attention of the Board at the time to be urgently called

called for- and whether the undated Letter
Note of the Codamonby river alluded to
in that correspondence, has been brought
to the notice of the Chief Engineer-

The acting Collector now
[illegible] at the head of
the River has been caused by the construc-
tion of a Dam; and that pending the
construction of a regulating dam at the
head of the Codamonby, certain projections
in its bank are being removed to give
the freshes wider way and prevent an
accumulation of silt.
