Fort Saint George, Revenue Consultation of 7th July 1857.

No. 25. Read the following Extract from the Minutes of Consultation, in the Public Department, under date the 23rd May 1857, No. 665.

Read again Despatch No. 49 of 1854, from the Honorable Court.

In the foregoing Despatch, the Honorable Court intimated that they were forwarding to this Presidency (10) ten copies of a Geological Map of India, constructed by Professor Greenough, and they directed that a copy should be sent to such individuals as might be capable of affording information not accessible to the compiler, or of correcting that furnished by him; on receipt of the maps, the Government accordingly, Extract Minutes Consultation 22d June 1855, No. 828, made the following distribution:

Genl. Cullen...	...	...	...	1 Copy.
Rev. F. Muzzy...	...	...	...	1 "
Dr. Hunter...	...	...	...	1 "
Dr. Balfour...	...	...	...	1 "
Revenue Department...	...	...	...	3 Copies.
Military do.	...	...	...	3 "

2. Up to this time, a complete return has been furnished by the Military Department only. This was received the 21st May 1856. It comprises a letter from Major Dallas, Deputy Assistant Quarter Master General, Ceded Districts, with observations by Dr. Cole; some memoranda by Colonel Graeme, of the 5th L. C., and letters from Captain Burton, Deputy Assistant Quarter Master General, Southern Division, and Captain Shakespear, of the Northern Division.

3. Of the three copies distributed through the Revenue Department, two have been returned with notes from Dr. Ranking, Zillah Surgeon, Rajahmundry, and the other by Captain Jenkins, of the Quarter Master General's Department, Saugor Division. The remaining copy, which was furnished to the Revd. Mr. Hislop, of the Scotch Free Church Mission, Nagpore, is still in the Revd. Gentleman's hands.

4. General Cullen, on the 4th January 1856, submitted his reply to the reference made to him, and observed that he had not found time to record his notes on the face of the map itself; as was desired by Government, but hoped to be in a position to do so shortly. No further information on the subject has reached Government.

5. From the Revd. Mr. Muzzy a very full report, with marginal observations recorded on the Professor's Map, was received in May last. To this Gentleman the best thanks of Government are due.

6. Dr. Hunter returned the Map supplied to him, with such information as he could furnish, in December last. He at the same time promised "some further remarks in the course of a few days." This supplementary statement has not yet been received.

7. From Dr. Balfour the Government has not yet been favored with any reply whatever. Resolved to circulate the foregoing Extract to the Departments and Individuals, recited in Para. 1 above; and to call upon those Gentlemen who have not yet replied, or have done so partially only, to be good enough to furnish their respective Reports, with as little delay as possible.

(A true Extract.)

(Signed) E. MALTBY,

Acting Chief Secretary.

No. 26. ORDER THEREON, No. 681; dated 6th July 1857.

With reference to the last part of para. 3 of the above Extract, it is to be observed that, in a demi-official communication of 22nd May 1856, the Revd. Mr. Hislop stated that he had received, from the Commissioner of Nagpore, a copy of the Geological map of India for the same purpose as that for which a copy was sent to him by this Government, and that in reply to a reference made to the Commissioner, Mr. Plowden informed him that, the Nagpore Territory being under the Government of India, the map should properly be revised and transmitted to the Honorable Court through that Government. Mr. Hislop having with the above information returned the maps sent to him on the 29th August 1855, nothing more can be expected from that gentleman.

(Signed) H. FORBES,

Acting Secretary to Government.
