springs and spare frame and key
- Six stones, German, of sizes, two large,
two middling, and two smaller.
- One ink slab
- One stone muller
- Two rollers
- Two pallet knives
- One lb Chemical Ink
- Varnish for printing ink and
lamp black, each one lb
- Blotting paper, one Ream
- Sponges, one lb
- Pumice stone, one lb
- Gum Arabic, one lb
- Zinc plates, of sizes, twelve
- Trams for paper two quires
- Scrapers, of sizes, six
- Preparation liquid, one quart
- Lithographic Pens, two cards
- Tracing paper, one quire

With reference to Extract Minutes
 of Consultation No. 476, of the 1st Instant, I have
 the honor to state, that Mr. Dunsford, Super-
 intendent Government Lithographic Press,
 has a brass Lithographic Press on spiral
 springs, with the necessary accompaniments, as
 per margin, which he is willing to part with
 for about 600 Rupees - and the Government
 may perhaps be of opinion, that so good an
 opportunity of obtaining a Lithographic
 apparatus of good quality and on a moder-
 ate scale, may not again present itself
 for Captain Priestley, the Revenue Sur-
 veyor in South Arcot.

I have the honor to be,
 Sir,
 Your most obedient servant.
 W. E. Faber Colonel,
 Chief Engineer.

Government Litho. Press,
 Central Office of P. W.,
 11 July 1857.

P. S. A marginal reference should have been given to Extract
 Minutes of Consultation No. 477 of 24 Sept 1856, prohibiting the
 Superintendent, and indeed all members of the Govt. Litho. Departt.
 from working private Presses, but the inventory has left no room for the
 reference.
 W. E. Faber

Exhibit. H. of Con
Dates 25th July 1837

Ms 24. 1835

Regarding the Board of
Revenue to ascertain from the
Board whether the duty on
the tea being paid to the
Board from the description
of it to it was the full
price of the duty and if
so, whether it will be a good
business at the price now
obtained.
