Fort Saint George, Revenue Consultation of 22d September 1857.

No. 24. Read the following Extract from the Proceedings of the Board of Revenue; dated 24th July 1857, No. 2509.

Read again letters from the Collectors of Bellary and Trichinopoly dated 25th March* and 11th April 1857.†

* *In Consultation 1st April 1857.*
† *In Consultation 11th May ,,*

With the foregoing communications the Collectors of Bellary and Trichinopoly submit revised estimates of saderwared allowances prepared according to the instructions issued by Government‡ on the subject. From these it will be seen that the sum proposed to be fixed as the standard for regulating future disbursements on that account in the Bellary District is Rupees 7,404-6-0, and in that of Trichinopoly Rupees 2,379, the proportion of each Department being as follows:

2. The Estimate of Bellary exceeds that sanctioned by Government on the 22d February 1851 by Rupees 376-2, and the average expenditure of the last 10 years by Rupees 358-8 as shewn in the margin§. The increase in the Huzzoor saderwared is attributed by the Collector to a larger quantity of paper being now required for printing ryots' receipts and Puttahs and proclamations, notices, &c.

3. The Collector explains that although a reduction of 96 Rupees has been made in the amount allowed for ink on account of the salaries of the ink makers who were formerly paid from the Huzzoor saderwared and are now included in the extra establishment, there is a small increase in the charge for that item in consequence of a much larger quantity of a description of ink not procurable in the district being now required for printing.

Ex. Mins. Cons. 9th May 1857, No. 434, Revenue Department.

4. The Board observe however that the table of charges for printing was so framed as to cover all expenses of the press, including ink, and they require explanation before recommend-

ing the admission, into the saderwared allowances, of a permanent charge for printing ink, which should be provided from the funds received for work performed.

5. The excess in the talook revenue and Police Saderwared is caused by the additional allowances proposed to be made; a sum of Rupees 70-7-0 being allotted for the offices of 9 Police Cutwalls and by the entry of a sum of Rupees 72 sanctioned by Government under date 13th June 1856, No. 602, Revenue Department, for the Police Ameen's Cutcherry at Ramandroog.

6. The Collector states that the talook saderwared has been fixed at a certain sum for many years, and that no accounts are furnished by the Tahsildars of the expenditure.

7. It will be observed that the saderwared Estimate sanctioned by Government on the 9th July 1851, No. 682, Revenue Department, amounted to Rupees 2,436-8; adding to this sum Rupees 210 the saderwared of the Manapara talook transferred from Madura the total amount of the saderwared allowances of the district, as at present fixed is Rupees 2646-8* or Rupees 267-8 above the revised Estimate, and Rupees 19-1-4 below the average disbursements of the last 10 years.

8. In these Estimates the cost of paper that will be required for the new forms of village accounts has not been included. The quantity of paper required on that account in Bellary is estimated at 954¼ Guddies. Of this quantity 208 Guddie† required for statement No. 5 (which it has been customary to furnish from the Huzzoor) and 267 Guddies for printing the heads of the accounts have been entered in the revised estimate, leaving 479¼ Guddies or 120 Reams valued at Rupees 390 to be supplied.

† 120 *Sheets* = 1 *Guddy.*
4 *Guddies* = 1 *Ream.*

9. The Collector of Trichinopoly does not state the quantity of paper that will be required for the above purpose in his District, but estimates the expense at Rupees 1,200 per annum. This sum seems excessive compared with the charge on the same account in Bellary which is a much larger District. The Collector is therefore requested when submitting his Estimate for paper for the village accounts to give the details of the quantity needed.

10. Under the explanations afforded in the preceding paras., the Board recommend that the revised Estimates of saderwared allowances for the Bellary and Trichinopoly Districts amounting to‡ Rupees 7,694-0-6, and Rupees 2,379 respectively, may receive the sanction of Government, the same to have effect from the commencement of Fusly 1267. The Board have excluded from the Bellary Estimate Rupees 100 for printing ink and have added to it Rupees 390 for paper for the new forms of village accounts. It may also be observed that the contemplated transfer of talooks from the Bellary, to the Kurnool, District will necessitate a re-adjustment of the saderwared allowances.

11. In pursuance of the instructions of Government, dated 3d July 1856, No. 685, Revenue Department, the Board called upon the several Collectors to furnish Estimates of the quantity of paper required for the new village accounts. As soon as these Estimates are received, the Board will after careful examination submit them for the orders of Government.

12. The Board have deemed it advisable to submit at once the Bellary and Trichinopoly saderwared Estimates without waiting till those from other Districts are received, in order to obviate the delay which would otherwise occur in disposing of the subject.

Rev. do. 26th Jan. 1857, ,,

The Board of Revenue submit for sanction revised saderwared estimates for the Districts of Bellary and Trichinopoly as called for in the orders quoted in the margin.

2. The Government are of opinion that it is expedient to have before them the estimates of all the Districts at once, to be able satisfactorily to examine them and to institute a comparison between the charges proposed for two Districts or talooks of nearly the same revenue and extent. The Board will therefore be good enough, at an early date, to submit all the estimates at once, together with an abstract compiled from them for the entire Presidency, in a convenient form. This proceeding will save much correspondence and facilitate reference.

3. The estimates should provide for all saderwared charges of the District, those of the printing office included, and fractions of a Rupee should be omitted.

Acting Secretary to Government.
