

2/986
Fort Saint George, Revenue Consultation of 29th September 1857.

No. 28. Read the following letter from Colonel C. E. FABER, Chief Engineer, D. P. W.; to H. FORBES, Esq., Acting Secretary to Government Revenue Department; dated Fort St. George 21st September 1857, No. 167.

SIR,

1. With reference to Extract Minutes of Consultation, No. 937, of the 14th Instant, I have the honor to state that the stationery office, Arsenal, Fort St. George, is the Dépôt for the printed Atlas sheets on a scale of 4 miles to the inch; where they are both for sale, and for issue on Indents. By having recourse to this latter measure, the Superintendent of settlement for General survey, can supply himself with such of the sheets as he may require.

2. There are also at the same place, and may be procured in the same manner, Lithographed maps of the Trichinopoly District on a scale of 2 miles to the inch, and maps of the Neilgherries; but the Chief Engineer is not the custodian of the printed Indian Atlas sheets as the Government appear to have believed.

3. I have sent a copy of this letter for the prompt information of Mr. Newill.

No. 29. ORDER THEREON, No. 986; dated 26th September 1857.

Resolved that the Principal Commissary of Ordnance be directed to supply the Director of Revenue settlement with such printed Atlas sheets as may be applied for by him.

(Signed) H. FORBES,
Acting Secretary to Government.
