Fort Saint George, Revenue Consultation of 29th September 1857.

No. 41. Read the following Extract from the Proceedings of the Board of Revenue; dated 26th August 1857, No. 2839.

**In. Cons. 26th August 1857.*

Read letter from the Collector of South Arcot dated 10th July 1857* forwarding a Statement of expenditure incurred on account of the survey from 31st October 1856 to 1st June 1857.

(Here enter No. 133.)

Resolved that the foregoing letter and its enclosures be forwarded for the information and orders of the Right Honorable the Governor in Council.

2. In Extract from their Proceedings dated 30th April 1857 the Board of Revenue brought to the notice of Government that Captain Priestley and his establishment, who were at the time engaged in surveying certain talooks in the Trichinopoly District, were being paid from the South Arcot Treasury out of the funds sanctioned for the survey of the latter District, and solicited formal sanction for continuing the payments. The Board also promised on that occasion to submit a detailed statement of the monthly expenditure on account of the survey showing the amount debitable to Trichinopoly.

Extract Minutes Consultation, No. 573, R. D. dated 10th June 1857.

3. In acceding to the request of the Board, Government directed that the payments should cease to be made from South Arcot on the Survey of Munnargoody being completed when it would be more convenient to pay the Establishment and from the Treasury of the District in which operations might be next conducted, and that all charges distinct from those belonging to South Arcot should be ultimately debited to the head of the general survey of the Presidency which is about to commence.

4. The Statement alluded to by the Board has been received from the Collector of South Arcot and is recorded above. It will be seen from this that the total charges from 31st October 1856 to 1st June 1857 amounted to Rupees 23,461-13-11 of which Captain Priestley states that $\frac{3}{5}$, viz. Rupees 14,077-2 are debitable to Trichinopoly, and the remainder to South Arcot.

5. The completion of the survey of Munnargoody will be duly reported to Government as directed in para. 4 of Extract Minutes Consultation marginally indicated above.

No. 42. ORDER THEREON, No. 993; dated 28th September 1857.

Para. 1. The Statement which accompanied the Proceedings of the Board of Revenue dated 26th August, and recorded above, exhibits the expenditure on account of the Survey operations under Captain Priestley's superintendence, from the 31st of October 1856 to the 1st of June 1857, or for a period of seven months. The charges amount in all to Rupees 23,461-13-11, of which, according to Captain Priestley's opinion, Rupees 14,077-2 are debitable to Trichinopoly on account of the survey in that District, leaving the sum of Rupees 9,384-11-11 to be borne by the survey of South Arcot.

2. In their Proceedings of the 30th April 1857,† the Board of Revenue reported that the cost of the survey operations to the close of the second year, to which the Establishment sanctioned by the Government of India on the 23rd September 1854 was limited, amounted to Rupees 60,758, and that the balance remaining on the 31st October 1856 was Rupees 18,262. Looking to the apportionment of the cost subsequently incurred, as given above, there is yet a further sum of Rupees nine thousand in favor of the South Arcot operations, though more than that has been expended on account of the operations in Trichinopoly, for which no sanction has been obtained from the Government of India, and hence it follows that the expenditure already authorized by that Government, has been exceeded.

†*In. Ex. M. C. 10th June 1857, No. 573.*

3. The Right Honorable the Governor in Council would however wish to have before him a statement, shewing at one view, the expenditure actually incurred under the authority of this Government and the Government of India in each year, under the distinct heads of "Survey" and "Assessment," from the commencement of operations in 1853 or Fusly 1262, to their close, in contrast with the work performed; and shewing also, the proportion which the total aggregate expenditure for survey bears to the whole extent surveyed. The Board will be pleased to cause such a statement to be prepared and laid before Government at an early date.
