No. 8. Read the following *Extract from the Proceedings of the Board of Revenue; dated 6th November 1856, No. 3707.*

* *In Consultation 6th November 1856.*

Read letter from the Collector of Nellore dated 27th August,* regarding certain enams granted by Messrs. Travers and Fraser.

(Here enter No. 179.)

† *In Consultation 20th March 1856.*

Also read again letter from the Collector of Nellore dated 15th January 1856† and Proceedings of Board of Revenue of the 20th March 1856, No. 865.

The Board resolve to submit the foregoing letters for the orders of the Right Honorable the Governor in Council with the following remarks.

2. This correspondence has reference to enams granted by Messrs. Travers and Fraser and not hitherto brought to the notice of Government. The Collector's Report bearing date 15th January 1856‡ was reviewed by the Board in their Proceedings of the 20th March, Mr. Elton had stated that some enams hitherto reported to have been granted by Messrs. Travers and Fraser were omitted from his Statement, because he saw reason to believe that they were in reality ancient grants and had merely been renewed by the abovementioned officers. The Board desire to know the grounds of this conclusion and are informed in the reply now received, that the orders addressed to the Tasildars for the renewal of these grants, so describe them, and that the orders in question have been duly verified by a comparison with the Hoozoor records.

‡ *In Consultation 20th March 1856.*

Dated 27th Aug. in Con. 6th November 1856.

3. The Board thought it also necessary to refer for explanation on the subject of the Devastam enams which Mr. Elton had proposed to resume. It now appears that these enams were in all probability granted in lieu of allowances formerly made to the Pagoda from the gramkurtch. As such, they are entitled to the benefit of the order of Government dated 9th August 1853, No. 913, which leaves grants of this class undisturbed.

4. As regards the class of enams, which provides for works of public utility or charity, as topes, choultries and water pendals, it seemed necessary to call for a strict explanation as to the faithful application of the grant and its suitableness to its professed objects. Mr. Elton has accordingly reported that some of the grants designed for the support of choultries or other charities should be resumed; these are Nos. 58, 94, 96 and 105 of the Tabular Statement which accompanied the letter of the 15th January 1856, the object of the grant had not in either of these cases been attained.

5. Other cases are mentioned, as No. 56, in which there is a considerable disproportion between the stated expenditure and the assumed receipts; the object of the grant was the maintenance of a choultry and Mr. Elton recommends that the full enam should still be continued; it appears to the Board however that he may fairly call upon the holder of the enam to improve the building if it requires additions, or to provide more liberally than at present for the wants of travellers.

6. In the other cases the enams are of very trifling value and no remark seems called for.

7. The Cavelly enams it is proposed to treat of separately; one of those given under this head in the Tabular Statement as No. 118 is now found to be a grant for maintenance and is recommended for resumption on lapse.

8. The Board refer thus cursorily to the points on which explanation was called for, because their Proceedings of the 20th March will be laid before Government with their present remarks and afford further particulars. They will now proceed to state how these enams should in their opinion be disposed of.

§ *Dated 27th August in Con. 6th Nov. 1856.*

9. The 26 enams which Mr. Elton speaks of in para. 2 of his recent letter§ as the grants of former Governments may, the Board think, be looked upon and treated as such under the enam rules now in force.

10. As regards the Devastanum grants, the Extract quoted from Mr. Travers' letter affords the strongest presumption that they were given in lieu of allowances from the gramkurtch, and on this ground the Board recommend their continuance; they appear to be precisely similar to the cases referred to in Extract Minutes of Consultation of the 9th August 1853.

Enc. 1 *in above letter.*

11. The Chuttrum, tope, and Salivendum enams* the Board would also recommend for continuance, except in the cases already specified,† orders being at the same time issued to report, for resumption, all instances in which the object of the grant shall at any time be entirely neglected.

* *Nos.* 2 4 5.
†*Nos.* 58, 94, 96 *and* 105.

12. The maramut enams, No. 3, with the exception of Nos. 61 and 67, ostensibly provide for objects which the Government employ other means to effect and have not therefore any claim for continuance beyond the lives of the parties respectively who now enjoy the enams. Mr. Elton will state what objections, if any, exist to the adoption of this course. Nos. 61 and 67 seem to rest on other grounds. The holders in both cases, it is presumed, are required to maintain the objects respectively for which the land was given, in the one case the permanent repair of a sluice and in the other that of a tank. Should it be otherwise and grounds exist for the resumption of the enams as in the other cases enumerated, Mr. Elton will bring the subject under consideration.

13. The Ferry enams, No. 6, the Board are of opinion should be continued, but the service should be efficiently kept up, for the safety of travellers. The Board believe that the want of proper means of crossing rivers and nullahs in Nellore is felt as a great inconvenience during the rainy season.

14. On the subject of the Cavelly enams, No. 7, the Board have already promised a separate Report which will shortly be laid before Government. There remain the Bhutwurty and sundry enams, Nos. 8 and 9. The first of these are merely grants of charity based on no sort of claim; the sundry enams were granted to remunerate or encourage boat builders, to pay baggage coolies and support village nurses, &c, objects which the Government are no longer called upon to provide for; the whole of the grants comprised in these two classes the Board think should be resumed, as lapses occur.

15. Enams granted to village servants the Board see no occasion to disturb. Mr. Elton speaks of them as being in proportion to the duties they are intended to remunerate.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

No. 9. ORDER THEREON, *No.* 109; *dated 29th January* 1857.

In his letter to the Board of Revenue dated 15th January 1856, the Collector of Nellore reported upon certain grants of Enam land made by Messrs. Travers and Fraser, former Collectors of that District, and submitted recommendations as to the mode in which they should in his opinion be dealt with. Mr. Elton explained that many Enams which had hitherto been supposed to be among those alienated by Messrs. Travers and Fraser, were found, on enquiry to be grants of a former Government which had been renewed by but did not originate with those Gentlemen, and had from some cause or other not been brought to account in the first register of Enams. And he stated that he had therefore omitted them from his Tabular Statement as Enams which only required consideration under the general rules, on the lapse of each. The Board considered the information concerning those Enams insufficient, and called upon Mr. Elton to state their number and value, and his reasons for concluding that they had been grants of former Governments. Further information was likewise called for respecting the Devastanam and other Enams included in the Tabular Statement; and with their Proceedings now under notice, the Board transmit the reply of the Collector, and record their views on his remarks and suggestions.

No.	Extent.	Tarrum Shist			Badega.		
	G. 16 64	Rs.	A.	P.	Rs.	A.	P.

2. With reference to the Enams which had been excluded from his Tabular Statement, as noted in the margin, Mr. Elton states that the orders addressed to the Tahsildars for the renewal of the grants describe them as ancient, and

that those orders have been duly verified by a comparison with the Huzoor records. The Enams therefore will, as the Board propose, be looked upon as the grants of former Governments and be treated as such under the Enam rules now in force.

3. The Government now proceed to pass orders on the Enams embodied in the Statement sent up by the Collector with his letter to the Board dated 15th January 1856. These grants are 142 in number, containing 1087 Goortoos of land assessed at Rupees 8,059, and are divided into 9 classes as follow. They are all irregular and unauthorized alienations; and many of them are held solely in consequence of some casual entry in the accounts, which do not even show when or by whom they were granted.

The Devastanum Enams comprized under the 1st Class are 54 in number and amount to 410 goortoos, assessed at 3,207 Rupees. Of these Nos. 9, 15, 26, and 30 are grants for the support of dancing girls; 22, 27, 31, 40, 41, and 42, of musicians of temples. 20 is a present for building a car, and 21 is a grant for planting a flower garden and bringing flower to the temple. The former has been held for 50 years, and may be presumed to have amply repaid the grantee and his family for his gift; the latter is in the possession of a person unconnected with the grantee, who has abandoned the garden and left the District. The Government direct that these Enams, amounting in value to Rupees 369-8-2, as shown in the margin, be resumed at the end of the current fusly year, with the exception of 20 and 21 in which will be resumed on receipt of these orders.

No. 6 is for the expenses of a Roman Catholic Chapel in the town of Nellore, and is held by the Catechist; Nos. 2,7,8,10, and 39 are for services at Tombs, and for expenses attending the celebration of the Mohurrum These grants will be left in possession of the respective incumbents during their lives, and be resumed at their death Nos. 3,4,19 and 33 are for Devastanum service, and are held by separate individuals, Nos. 1, 5, 11, 12, 13, 14, 16, 17, 18, 23, 24, 25, 28, 29, 32, 34, 35, 36, 37, 38, and 43 to 54, inclusive, are also grants for temple service, but are entered in the names of Durmakurtahs, Priests, Caupoos and Curnums. The former will be continued for the lives of the respective incumbents; the latter for five years, and be then positively resumed.

Class 2. *Chuttrum.*

	G.	16th	46th	Rs.	A.	P.
* *Metta*,.....	12	0	0	53	4	0
Do. Pasturage...	66	4	0	31	0	0
Magany	36	12	0	408	13	5
	115	0	0	493	1	6

Nos. 55 to 59 are grants for the construction and repair of Chuttrums for the accommodation of travellers 55 and 57 will be continued in the names of the present incumbents, so long as the building are appropriated to their proper purposes, and are maintained in good repair. In 56 the grant* is much larger than is usual or necessary for

the object in view; and a reduction may properly be made in the extent of the Magany land, so as to leave sufficient for the support of the Chuttrum which appears to be a useful building. The Collector will be requested to submit a more detailed report on this case 58 should be resumed, as it is held by parties totally unconnected with the original grantee. With regard to 59, it is observed that the conditions of the grant are not mentioned, though it is stated that they are being fulfilled more information should be obtained from the Collector regarding this case.

Class 3. *Tank and Channel Maramut.*

Nos. 60 to 88 comprize the Enams of the 3d class, or those granted for the repair of Tanks and Channels. The service for which Nos. 60 and 62* were granted is no longer required to be performed by the present incumbents, and both Enams should be at once resumed 74 was granted to the individual, in whose possession it still remains, for keeping in repair a tank stated to have been built by him. This Enam will be continued during the life of the present incumbent, and be resumed at his death, 66, 68, 70, 71, 72 and 73 are grants for keeping tanks in repair, and are held by Curnums who probably enjoy the proceeds without performing the required service. The Board call upon the Collector to report whether these and the remaining grants under this class, may not be resumed at the end of the current fusly; and the service, if there really be any be provided for in the Department of Public Works.

	Rs.	*A.*	*P.*
*60.....	19	1	8
62.....	34	10	4
	53	11	8

Class 4. *Tope.*

The tope Enams include the grants numbered 89 to 97 inclusive. In case No. 90, the grantee has abandoned the tope; in 94, the tope for the planting of which the Enam was granted does not exist; and the land in 96 is applied to private purposes. These three grants† will be resumed immediately and the remainder will be continued during the lives of the present incumbents.

	Rs.	*A.*	*P.*
†90.....	14	6	1
94.....	7	1	9
96.....	3	0	0
	24	7	10

Class 5. *Salivendrum.*

The 5th class, including Nos. 98 to 106, contains 9 Enams called Salivendra, that is, grants for keeping up water pandals or places of refreshment for travellers. In case No. 105,‡ the charity is not kept up, and the grant will therefore be resumed after a period of five years. No. 106 is held by Caupoos and Curnums, and will be immediately resumed. The remainder which are entered in the names of individuals, will be continued during the lives of the present incumbents.

‡ *Rupees* 32-2-0.

Class 6. *Ferry.*

Nos. 107 to 116 are ferry Enams and are comprised under the 6th Class. The Government sanction the continuance of these grants so long as such a means of transit may be required, and the service efficiently kept up. Where bridges have been constructed over streams, the Enam and service should be discontinued.

Class 7. *Cavelly.*

The Board propose to lay before Government a separate report regarding the Cavelly Enams; no orders therefore on this subject are here necessary.

Class 8. *Bhutvurty.*

The Bhutvurty or charitable Enams from the 8th Class, and include Nos. 119 to 137. In cases Nos. 119 and 129§, the incumbents are absent from the District; in Nos. 121, 122, 123, 124, 125, 126, 130 and 132, the lands have been alienated to persons totally unconnected with the original grantees. These Enams assessed at Rupees 591-12-11 will be resumed; and the remainder continued during the lives of the present incumbents.

Class 9. *Sundry.*

The last class, comp ng Nos. 138 to 142, are grants made to various persons for different objects; such as to carry burthens belonging to travellers, building boats, attending on the sick &c. The grants are all highly irregular; and with the exception of No. 142, which is held by the grantee who may be presumed to be an aged man, and to whom the Enam will be continued for life, the remainder assessed at Rupees 198-13-10 will be resumed at the end of the current fusly year.

REVENUE DEPARTMENT.

No. 109.

Extract from the Minutes of Consultation under date the 29th January 1857.

Read the following Extract from the Proceedings of the Board of Revenue.

Forwarding with observations letter from the Collector of Nellore with Board's Proceedings regarding certain Enams granted by Messrs. Travers and Fraser. (Here enter 6th November 1856, No. 3707.)

In his letter to the Board of Revenue dated 15th January 1856, the Collector of Nellore reported upon certain grants of Enam land made by Messrs. Travers and Fraser, former Collectors of that District, and submitted recommendations as to the mode in which they should in his opinion be dealt with. Mr. Elton explained that many Enams which had hitherto been supposed to be among those alienated by Messrs. Travers and Fraser, were found, on enquiry to be grants of a former Government which had been renewed by but did not originate with those Gentlemen, and had from some cause or other not been brought to account in the first register of Enams. And he stated that he had therefore omitted them from his Tabular Statement as Enams which only required consideration under the general rules, on the lapse of each. The Board considered the information concerning those Enams insufficient, and called upon Mr. Elton to state their number and value, and his reasons for concluding that they had been grants of former Governments. Further information was likewise called for respecting the Devastanam and other Enams included in the Tabular Statement; and with their Proceedings now under notice, the Board transmit the reply of the Collector, and record their views on his remarks and suggestions.

The Devastanum Enams comprized under the 1st Class are 54 in number and amount to 410 goortoos, assessed at 3,207 Rupees. Of these Nos. 9, 15, 26, and 30 are grants for the support of dancing girls; 22, 27, 31, 40, 41, and 42, of musicians of temples. 20 is a present for building a car, and 21 is a grant for planting a flower garden and bringing flower to the temple. The former has been held for 50 years, and may be presumed to have amply repaid the grantee and his family for his gift; the latter is in the possession of a person unconnected with the grantee, who has abandoned the garden and left the District. The Government direct that these Enams, amounting in value to Rupees 369-8-2, as shown in the margin, be resumed at the end of the current fusly year, with the exception of 20 and 21 in which will be resumed on receipt of these orders.

No. 6 is for the expenses of a Roman Catholic Chapel in the town of Nellore, and is held by the Catechist; Nos. 2,7,8,10, and 39 are for services at Tombs, and for expenses attending the celebration of the Mohurrum These grants will be left in possession of the respective incumbents during their lives, and be resumed at their death Nos. 3,4,19 and 33 are for Devastanum service, and are held by separate individuals, Nos. 1, 5, 11, 12, 13, 14, 16, 17, 18, 23, 24, 25, 28, 29, 32, 34, 35, 36, 37, 38, and 43 to 54, inclusive, are also grants for temple service, but are entered in the names of Durmakurtahs, Priests, Caupoos and Curnums. The former will be continued for the lives of the respective incumbents; the latter for five years, and be then positively resumed.

Magany	36	12	0	408	13	5
	115	0	0	493	1	6

Nos. 55 to 59 are grants for the construction and repair of Chuttrums for the accommodation of travellers 55 and 57 will be continued in the names of the present incumbents, so long as the building are appropriated to their proper purposes, and are maintained in good repair. In 56 the grant* is much larger than is usual or necessary for the object in view; and a reduction may properly be made in the extent of the Magany land, so as to leave sufficient for the support of the Chuttrum which appears to be a useful building. The Collector will be requested to submit a more detailed report on this case 58 should be resumed, as it is held by parties totally unconnected with the original grantee. With regard to 59, it is observed that the conditions of the grant are not mentioned, though it is stated that they are being fulfilled more information should be obtained from the Collector regarding this case.

Class 3. Tank and Channel Maramut.

Nos. 60 to 88 comprize the Enams of the 3d class, or those granted for the repair of Tanks and Channels. The service for which Nos. 60 and 62* were granted is no longer required to be performed by the present incumbents, and both Enams should be at once resumed 74 was granted to the individual, in whose possession it still remains, for keeping in repair a tank stated to have been built by him. This Enam will be continued during the life of the present incumbent, and be resumed at his death, 66, 68, 70, 71, 72 and 73 are grants for keeping tanks in repair, and are held by Curnums who probably enjoy the proceeds without performing the required service. The Board call upon the Collector to report whether these and the remaining grants under this class, may not be resumed at the end of the current fusly; and the service, if there really be any be provided for in the Department of Public Works.

96.....	3	0	0
	24	7	10

The tope Enams include the grants numbered 89 to 97 inclusive. In case No. 90, the grantee has abandoned the tope; in 94, the tope for the planting of which the Enam was granted does not exist; and the land in 96 is applied to private purposes. These three grants* will be resumed immediately and the remainder will be continued during the lives of the present incumbents.

Class 5. Salivendrum.

The 5th class, including Nos. 38 to 106, contains 9 Enams called Salivendra, that is, grants for keeping up water pandals or places of refreshment for travellers. In case No. 105,* the charity is not kept up, and the grant will therefore be immediately resumed. No. 106 is held by Caupoos and Curnums, and will be resumed after a period of five years. The remainder which are entered in the names of individuals, will be continued during the lives of the present incumbents.

* *Rupees* 32-2-0.

Class 6. Ferry.

Nos. 107 to 116 are ferry Enams and are comprised under the 6th Class. The Government sanction the continuance of these grants so long as such a means of transit may be required, and the service efficiently kept up. Where bridges have been constructed over streams, the Enam and service should be discontinued.

Class 7. Cavelly.

The Board propose to lay before Government a separate report regarding the Cavelly Enams; no orders therefore on this subject are here necessary.

Class 8. Bhutvurty.

	591	12	11

The Bhutvurty or charitable Enams from the 8th Class, and include Nos. 119 to 137. In cases Nos. 119 and 129*, the incumbents are absent from the District; in Nos. 121, 122, 123, 124, 125, 126, 130 and 132, the lands have been alienated to persons totally unconnected with the original grantees. These Enams assessed at Rupees 591-12-11 will be resumed; and the remainder continued during the lives of the present incumbents.

Class 9. Sundry.

	Rs.	A.	P.
138.....	2	6	7
139.....	115	6	0
140.....	32	4	7
141.....	48	12	8
	198	13	10

The last class, comprising Nos. 138 to 142, are grants made to various persons for different objects; such as to carry burthens belonging to travellers, building boats, attending on the sick &c. The grants are all highly irregular; and with the exception of No. 142, which is held by the grantee who may be presumed to be an aged man, and to whom the Enam will be continued for life, the remainder assessed at Rupees 198-13-10 will be resumed at the end of the current fusly year.

No 8 Read Letter

No 3707

Extract from the Proceedings of the
Board of Revenue dated 6th November 1856.

Read letter from the
In Con 6 Nov. 1856. Collector of Nellore dated 27 August,
regarding certain Inams granted by
Messrs Travers and Fraser.

(Here Enter No 179)

Also read again letter from
In Con 20 March 1856 the Collector of Nellore dated 15th January
1856 and Proceedings of Board of Revenue
of the 20 March 1856, No 865.

1 The Board resolve to
submit the foregoing letters for the orders
of the Right Honorable the Governor in
Council with the following remarks.

2 This correspondence has
reference to Inams granted by Messrs
Travers and Fraser and not hitherto
brought to the notice of Government.

The

The Collectors report bearing date
15th January 1856 was reviewed by the
Board in their Proceedings of the
30th March. Mr Elton had stated that
some Enams hitherto reported to have
been granted by Messrs Travers and
Fraser were omitted from his Statement,
because he saw reason to believe that
they were in reality ancient grants
and had merely been renewed by the
abovementioned Officers. The Board
desired to know the grounds of this
conclusion and are informed in the
reply now received, that the orders
addressed to the Tasildars for the
renewal of these grants, so describe
them, and that the orders in question
have been duly verified by a comparison
with the Huzzoor records.

Ltr to Collr 30 March 1856

Ltr from Collr 6 Augt 1856

3. The Board thought it
also necessary to refer for explanation
on the subject of the Devastan Enams
which Mr Elton had proposed to
resume. It now appears that these
Enams were in all probability granted

in

in lieu of allowances formerly made
to the Pagoda from the grain Kuttelu.
as such, they are entitled to the
benefit of the order of Government
dated 9th August 1853, No 913, which bars
grants of this class and disturbed.

4 As regards the class
of Enams, which provides for works
of public utility or charity, as topes,
Choultries and water pandals, it
seemed necessary to call for a strict
explanation as to the faithful applica-
tion of the grant and its suitableness
to its professed objects. Mr Elton has
accordingly reported that some of the
grants designed for the support
of Choultries or other Charities should
be resumed; these are Nos 38, 94, 96 and
105 of the Tabular Statement which
accompanied the letter of the 15th
January 1856 - the object of the grant
had not in either of these cases been
attained.

5. Other cases are mentioned,
as No 56, in which there is a considerable
disproportion between the stated

expenditure

expenditure and the assumed receipts;
the object of the grant was the main-
tenance of a Chantry, and Mr Elton
recommends that the full Enam should
still be continued, it appears to the
Board however that he may fairly
call upon the holder of the Enam
to improve the building if it requires
additions, or to provide more liberally
than at present for the wants of
travellers.

6. In the other cases the
Enams are of very trifling value
and no remark seems called for.

7. The Cavelly Enams it
is proposed to treat of separately:
one of these given under this head
in the Tabular Statement as No 118 is
now found to be a grant for main-
tenance and is recommended for
resumption or lapse.

8 The Board refer thus
cursorily to the points on which ex-
planation was called for, because
their Proceedings of the 20th March
will be laid before Government with
their

C/G 8 3

their present remarks and afford
further particulars. They will now
proceed to state how these Enams
should in their opinion be disposed of.

9 The 26 Enams which Mr
Dated 27 Aug[t] in Govt. 6 Nov 1856. Elton speaks of in para 2 of his recent
letter as the grants of former Governments
may, the Board think, be looked upon
and treated as such under the Enam
rules now in force.

10 As regards the Devastanam
Encl 1 in above letter. grants, the Extract quoted from Mr
Travers's letter affords the strongest
presumption that they were given in
lieu of allowances from the gram
Kurtch, and on this ground the Board
recommend their continuance; they
appear to be precisely similar to the
cases referred to in Extract Minutes
of Consultation of the 9th August 1853.

11 The Chattrum, Satpo, and
Vide Cons 2. 4. 5. Salicondum Grants, the Board would
also recommend for continuance, except
Vide 58-94-96 and 105. in the cases already specified, orders
being at the same time issued to
report, for resumption, all instances

in

in which the object of the grant shall
at any time be entirely neglected.

12 The Maramat Enams, Nos 3,
with the exception of Nos 61 and 69, extensively provided for objects which the Govern-
ment employ other means to effect
and have not therefore any claim for
continuance beyond the lives of the parties
respectively who now enjoy the E. nos-
Mr Elton will state what objections,
if any, exist to the adoption of this
course. Nos 61 and 69 seem to rest on other
grounds. The holders in both cases,
it is presumed, are required to maintain
the objects respectively for which
the land was given, in the one case
the permanent repair of a sluice and
in the other that of a tank. Should
it be otherwise and grounds exist for
the resumption of the Enams as in the
other cases enumerated, Mr Elton will
bring the subject under consideration.

13 The Ferry Enams, No 6,
the Board are of opinion should be
continued, but the service should be
efficiently kept up, in the safety of travellers

The

10G 9 4

The Board believe that the want of
proper means of crossing rivers and
nullahs in Nellore is felt as a great
inconvenience during the rainy season.

14 On the subject of the
Cawelly Enams, No 7, the Board have
already promised a separate report
which will shortly be laid before
Government. There remain the Bhat-
wardy and Sundry Enams, Nos 8 and 9.
The first of these are merely grants
of Charity based on no sort of claim;
the Sundry Enams were granted to
remunerate or encourage boat builders,
to pay baggage coolies and support
village Nurses &c. objects which the
Government are no longer called upon
to provide for; the whole of the
grants comprised in these two classes
the Board think should be resumed
as lapses occur.

15. Enams granted to village
servants the Board see no occasion
to disturb. Mr Elton speaks
of them as being in proportion
to the duties they are intended

No.

Extract from the Proceedings of the Board of Revenue dated 20th March 1856

Read letter from the Collector of Bellary dated 15th January 1856, reporting on certain Enams Granted by Mysore Powers and Traces until not hitherto brought to notice.

In Cons 21st March 56 .236.

(Here date No 9)

In their Proceedings of the 24th July 1854, the Board reviewed the Cases reported on by the Collector on the 24th December 1853, and their recommendations as to the course to be adopted in reference to these grants was approved by the Government in their Extract Minutes of Consultation dated 14th August 1854.

In Cons 24th July 54

2. The Cases disposed of on that occasion related to grants for the support of Choultries and Water pandals, for the establishment of Villages and for maintenance; those devoted to religious institutions were reported on by the Board 16th June 1853, and disposed of in the Government Minutes of Consultation dated 9th August 1853.

3. The principle adopted in dealing with grants for purposes of public utility was to permit the continuance of the Enam where its resources were found to be appropriate

to

to the object of the grant, and to provide for the due attainment of such object.

4. The grants for establishing villages and for maintenance were admitted to have no claim for continuance - but indulgence was granted during their lives to present incumbents - In the case of Cavastannum Enams, the Government decided that on the ground of long enjoyment and in consideration of their having been mostly granted in lieu of allowances from the Grain Purse made with the approbation of the then Government, these grants should remain undisturbed.

5. In the report now submitted by Mr Elton these precedents appear to the Board to have been overlooked. He commences by explaining that many Enams hitherto supposed to be among the number alienated by Messrs Travers and Fraser, are found on enquiry to be grants of a former Government which were pursued but not originated by these Gentlemen, having from some cause been omitted in the first registry of Enams. Mr Elton will be called upon to state the number and value of these grants, and his grounds for the opinion he has formed regarding them. The Statement he has submitted does not include such cases, nor Enams

transferred

Elton Copy[d] 1853.

1. Devastanum
2. Chuttrum
3. Maramut
4. Tope
5. Sillimedum
6. Tarry
7. Cattelly
8. Shutlenty or Charity
9. Sundry.

126[12]

transferred with their villages to the Guntoor Collectorate - any of the latter description which come to his cognizance should be brought by him to the notice of the Guntoor Collector.

6. The remaining Enams (162 in all) are classed by Mr Elton in 9 divisions, shewn as in the margin, and comprizing Gorbos 1087-2-1, assessed at Rupees 8059.0-11 and liable to a Badiga of 25 Rupees 2.4. He proposes that the 54 Devastanum Enams included in Class 1 consisting of Gorbos 130-7-16 2.16 assessed at 3207.13.5 should be resumed as being of a totally unauthorized nature, but that the remainder, in consideration of long enjoyment and of the confidence with which their tenure must have been regarded, should continue subject to the existing Enam rules, each case of lapse being reported and disposed of on its merits, and resumption being made when the stipulated service is not performed.

7. Mr Elton further recommends in the closing Para of his letter that the Enams granted to Village Servants by Messrs Travers and Fraser rather in addition to existing emoluments of inadequate value, or in cases where none was provided, should remain undisturbed.-

8. The information afforded by the Statement does not shew whether the Devastan Enams were (like the majority of those alluded to in the Board's

Report

report of the 16th June 1853.) grants in compensation for allowances from the Grain Kuttel or for other privileges, and Mr Elton is requested to submit any further information obtainable on that point at an early date.

9. In the case of Chuttrums, Cosa and Sabi=candum Inams which form the endowments of works of public utility, sufficient detail should have been given regarding the expences of the Charity and the actual value of the grant, to enable the Board to judge of the propriety of recommending such for continuance or of limiting the endowment to the extent necessary for the due fulfilment of its intention. Classes. II. IV. V.

10. It will be sufficient however if Mr Elton after enquiry into these particulars, informs the Board regarding cases which seem to him to require interference; those grants which are not in thriving disproportion to the expences incurred by their holders will be forwarded for the favorable consideration of Government.

When the object of the grant has failed to be obtained, as in Cases Nos 94-96 of the Tope Inams Class IX No 105 of Class V or Salvam: dum; immediate resumption should be recommended.

11. The Maramut Inams in Class III and the Terry Inams in Class VI will be noticed in bringing this

this subject under the consideration of Government. The Board observe, with some surprise, the entry in explanation of No 117 in the Class (VII) of Cuelley Inams, a grant of 200 Gorlos, assessed at Rupees 1525, is held by the widow of a Polygar for furnishing treasury guards; the Board wish for a further explanation on this entry. It is presumed that the service here alluded to is now performed by Government peons. No 118 of the same Class is merely described as a Cuelley Inam; the exact nature of the service should be specified.

12. The Bhuttundy or Maintenance Inams comprised in Class VIII and the Sundry Inams of Class IX can have no claim for continuance beyond the life of the present holders; it has already been observed that no further indulgence was accorded to grants of this nature by the Government in their order of the 19th August 1854. Any cases however among the Maintenance Inams which seem to call for special consideration may be particularized in the further report which is now called for from Mr Elton.

13 The Board are desirous that this subject which has remained unsettled during a number of years, should be finally closed and laid before the Government as early as possible. Mr Elton will therefore expedite his reply on the points herein referred to him.

to the Collector of
Nellore dated 30th
March 1856.

1607/15

The only recommendation in favour of the validity of these Dewaldaneum Grants is that they were given in commutation of payments from the Grama Kharcha

The Grama Kharcha has been the source of the greatest abuses in all parts of the N Circars and Malloor appears to be very similar in character to the Meer Talukga Dustr comprehended under the above general designation

These Grama Kharcha payments were never made by Authority but were disbursements of revenue retained entirely at the will of the Village Officers

All endowments derived from this source in Guntoor, Masulipatam & Rajahmundry have been absolutely resumed

Just that the authorized endowments in Malloor ~~amount~~ under the head of Dewa

Dwellhouses amounting to acres
as
1901 [illegible] 55,087 in addition to the
three Orphanages
with the Sisters Hospitals

about 2181 3,208

Looking to the heavy charge already existing
on the Rates for old & quite established causes
& the course pursued in similar cases
in the Cities districts, I am not prepared
to recommend in the present state of matters
the Trustees Grants, or appropriations
to either not only Churches & Temples but
to called, but to those of the Village Godrejs
payments of the Mohurrum & allowances
to servants of Temples, Hereditary Surgeons,
often injured by the Village Watchmen &c &c

15/12/96

1795

The Inams referred to above
[illegible] investigation granted
in view of manuscript collections and should be dealt with as similar Inams in other districts - But exactly similar Inams have been recognised by the Govt in Munro's Circ: of 9th August and it is incumbent to adopt a different course now - I would wish the Inams to be brought to Council -

19th Dec

[illegible]

I have wished through the Col^r of Inams such as by the Collr^s of Rents with his letter to the 25th of Nov^r of the 15th January last —
They amount to 1887 Rupees as per Col^r Bosq —
Some are granted by Mr. Drummond Vide Pais^e Collector of the District Thus by his exception Mr Frazer has many on Rent on some Canal entries in the accounts which do not even show when or by whom they were granted — but the very desire to deal liberally with them for Rent^s = wipe off 9 to 25 Rupees = entitle to pardon

expense in more cases for their continuance -

The first 54. on the list amounts to £ 410 - and No. 3207. appears to be for the erection of seven connected with the Grammar Schools, one or two of Roman Catholic Chapels & some for Methodist Meeting Houses -

Some, such as Nos 9 15. 26. 30 - are grants to Burning Fits & some, such as 22. 27. 40. 42. to the Musicians, and six Trustees of Burnley Fits -

Some Corporation Grants are said to be applied to other purposes, & not to the Institutions. I should be inclined to remove at the end of the current

from all parts of Lancashire & many towns made to Municipal Bills & all additional work to Parishes otherwise endowed - all sums in the name of individuals might be continued for the life of present incumbents and those in the name of Municipalities till the decease of the present Mayor or for a certain fixed period say 5. or 7. years -

Nos 20 & 21. might also be removed. The words of the former being engaged for 50. years this grant have been made to which for the life of the holder in the latter has no claim from relationship to the Grant he has been allowed to

Extract from the Minutes of Consultation

Under date the December 1856

Read the following Extract from the Proceedings of the Board of Revenue

Fere under 6th Nov. 56 No.

In his letter to the Board of Revenue dated 15th January 1856, the Collector of Nellore reported upon the alienations made by Messrs Travers and Fraser in that District, and made recommendations as

Service in 138, 139 should be discontinued and the Grants resumed.

No 140 - assigned to persons admitted for the purpose of holding the Grants should be resumed at the end of the current Fasly -

Consider that the holder of 142. must be resumed and that he is the original grantee he must be summoned to attend the Court on this date -

Wheeler

2/1/57.

as to the mode in which they should be dealt with.

Mr Elton ~~commenced~~ explained that many Enams which had always been supposed to be among those actually alienated by Messrs Travers and Fraser, were found, upon enquiry, to be the grant of a former Govt: which had been renewed by ~~it~~ but not originated ~~by~~ with those Gentlemen, and had from some cause or other not been brought to account in the first Register of Enams. He therefore omitted them from his Tabular Statement

of

as Enams which only required consideration under the general rules, on the lapse of each. The Board considered the information concerning these Enams insufficient, and ~~he~~ accordingly called upon Mr Elton to state the value and number of the grants and his reasons for concluding that they had been grants of former Governments. Further information was likewise called for respecting certain Devastanam Enams, and the Proceedings of the Board now under notice

Contain

contain their observations upon the Collrs reply-

2. It appears that Mr Elton was ~~quite~~ right in his previous opinion about the grants which had been omitted from his statement in the first instance. The orders addressed to the Tahsildars for the renewal of these grants describe them as ancient, and these orders have been duly verified by a comparison with the Huzoor records. They will, as the Bd propose, be looked upon as the grants of former Governments and treated as such under the known rules now in force.

3 The remaining Enams upon which it is now necessary to pass orders are in number 112, and are classed by Mr Elton in 9 Divisions.

1 Devastanam
2 Chattrum
3 Maramath
4 Tope
5 Tadiendra or water pandal Enam-
6 Ferry
7 Kavaly
8 Bhitwarty or Charity
9 Sundry

The

The Devastanam Enams
are in number 5 H.
G
They amount to 410 15/32;
assessed at Rupees 3,207-13-5
Their origin is believed
to be as follows. When
Mr. Graney the first
Collector of Vellore assumed
charge of the District a
custom was found to
prevail of levying cer=
=tain fees under the
head of Grama kharch
from the inhabitants
for the support of their temples.
This collection ~~of this~~ having been
~~to be~~ found to be
objectionable; ~~as this~~
~~amount levied was fluctua=~~
~~=ting~~

~~ting, for it~~ was abolished,
and certain lands, ~~were~~
given as compensation,
on favorable rated=
These are now supposed
to be represented by the
Devastanam Enams under
=der discussion.

5. In Parad of Gov. Min: Con
dated 24th June 1841 the
Govt: in signifying the
wishes of the Honble
Court of Directors that
all interference with
the internal manage=
=ment of Native temples
should cease set forth that
"there was no intention of
"withholding any authorized
"and

"and customary payments
"and allowances." Mr. Elton
does not consider that
the Devastanam Inams
in question can be looked
upon as authorized or
customary, and recommends
their resumption, the
Board differ from him and
recommend their continu-
ance, on account of the
extract from Mr. Travers'
letter above quoted afford-
ing the strongest presump-
tion that they were given
in lieu of allowances
from the Gramo Kharch.
The Govt. observe that
this presumption though
strong

and they agree
in opinion of Govt
of August 1853
in which the Court
Company

Cundregays originating
apparently in a similar
manner were allowed to
continue. The Govt. think
that those orders apply
equally to these Devastan-
-nam lands and therefore
authorize their continuance.

6. Mr. Elton recom-
-mends the continuance of
the whole of the rest of the
Inams, Viz- Clapses 2 to 9
inclusive subject to the
usual report on lapses.
He makes this recom-
-mendation "in consideras-
-tion of their long enjoy-
-ment and of the confidence
with which their tenure
is regarded. The Board
modify

modify this recommenda-
-tion. They think that
the Chatrams Tope and
Kalivendal Enams should
be continued Except Cases
58, 94, 96, and 105 in the
Tabular Statement.

7 In Case 58 the
Chatram Enam was
alienated to a party totally
unconnected with the
original grantee, and
it is now enjoyed by his
four sons. It will be
resumed at once.

8 In Case 59 the
conditions of the grant are
not mentioned, though
it is stated that they

are being fulfilled. It is
also uncertain by whom
the Enam was granted.
Before final orders are
passed concerning it more
definite information must
be supplied.

Cases 55, 56, 57.

9 According to the
recommendation of the
Board the rest of the
Chatram grants will
be continued, but the
Collector will take meas-
-ures to report for pre-
-sumption all cases in
which the original object
of the grant shall appear
to be entirely neglected.
And care must be taken

that

that the public generally
are benefitted by these
charities, and not one
class alone; there is too
much reason to believe
that in almost every
grant in the Presidency
of a similar nature to
these in the Presy
~~these~~ ~~and~~ not only are the
proceeds of the charity
but even the building
itself, monopolized by
one or more families
of Brahmins, who live
in idleness and defeat
the object of the grant
by excluding all other
objects of relief.

10. The Tope Enams
are

are those comprized in
the fourth class in
Mr. Elton's list.
In case of the Tope
for the planting of
which the Enam was
granted, does not exist
in the 96 ~~th~~ the land is
applied to private purposes,
in these 2 cases presump-
tion will take place from
the commencement of the
ensuing year.

11. The Governor in
Council authorizes the
continuance of the rest
in this class, viz. those
numbered 91, 92, 93, 95
97.

The

12 The 5th Class contains 9 Inams called Salivendra, i.e. grants for keeping up water pandals or places of refreshment for travellers.

13 Excepting case 105 in which the charity is not kept up, and which will be resumed the Board recommend the continuance of the Inams. The Govt. authorize this arrangement accordingly and trust that any case in which the charity is discontinued will be reported with a view to

or not duly maintained

to orders being issued for resumption. The 3d Class in the list are Maramat Inams, grants that is for the repairs of Channels Tanks &c.

14. The Board just to remark that as these grants were made for purposes, to secure which the Govt. now employ other means, the necessity for the rendering of the services does not exist and has not for some time; no claim can therefore be urged for their continuance beyond the lives of the present incumbents.

incumbents. They will be so limited accordingly-

15. The Board have called for further information in regard to Nos. 61 and 67. which the Govt: will await before deciding whether these shall be treated with the other Maromat Enams-

16. The 6th Class comprises the Fenny Enams, and the Govr in council is of opinion that if the service be efficiently kept up, this alienation of the revenue may be allowed and the continuance of the Enam is sanctd-

The

17 The Board purpose to lay before Govt a separate report regarding the Charity Enams, no orders on this branch of the subject are therefore necessary here.

The Shuttwarty or Charity Enams form the 7th Class. These, as the Board state, are based on no sort of claims, and not only is the information about them very deficient, but what there is, affords strong grounds for ordering their resumption. In some cases

cases the objects for which the grants were made are questionable; in others alienation has taken place from the original grantees family; in some again, no relations of the original grantee are in Existence.

18. The last class are grants made to various persons for different objects; to encourage Boat builders to pray for carrying Travellers tunders on the highway &c. The whole of the Enams in

in both these last cases will be resumed as lapses occur.

19. Govt. concur in the sentiments Expressed in Para 15. of the Board's Proceedings with reference to the Enams granted to Village Servants which will remain undisturbed.

No. 109

Extract from the Minutes of Consultation

Under date the 29th January 1857.

Read the following

Extract from the Proceedings

of the Board of Revenue -

(Here enter 6th November 1856 329)

In his letter to the

Board of Revenue dated 15th

January 1856, the Collector of

Nellore reported upon certain

grants of Inam land made

by Messrs Travers and Fraser,

former Collectors of that

District, and submitted

recommendations as to the

mode in which they

should in his opinion be

dealt with. Mr Elton ex-

plained that many Inam

which

which had hitherto been supposed to be among those alienated by Messrs Travers and Fraser, were found, on enquiry, to be grants of a former Government which had been renewed by but did not originate with those Gentlemen, and had from some cause or other not been brought to account in the first Register of Enams. And he stated that he had therefore omitted them from his Tabular Statement as Enams which only required consideration under the general rules, on the Corpse of each. The Board considered the information concerning those Enams insufficient, and called upon Mr Elton to state their

their number and value, and his reasons for conclu:ding that they had been grants of former Government. Further information was likewise called for respect:ing the Devastanam and other Enams included in the Tabular Statement; and with their Proceedings now under notice, the Board transmit the reply of the Collector and record their views on his remarks and suggestions.

2 With reference to the Enams which had been excluded from his Tabular Statement, as noted in the margin, Mr Elton states that the orders addressed to the Tahsildars for the resum:al of the grants describe them as ancient, and that those

74-12-½ - 782-11-½. 61-8-7.

those orders have been duly verified by a comparison with the Huzoor records. The Enams therefore will, as the Board propose, be looked upon as the grants of former Governments and be treated as such under the Enam rules now in force.

3 The Government now proceed to pass orders on the Enams enumerated in the Statement sent up by the Collector with his letter to the Board, dated 15th January 1856. These grants are 142 in number, containing 1087 Goortoor of land assessed at Rupees 8,059, and are divided into 9 classes as follows. They are all irregular and unauthorized alienations; and many of them are held solely in consequence of some casual entry in the accounts, which do not even show when or by whom they were granted.

№	Classes	№ in each class	Extent	Assessment.
			Le - 16s - 62s	Le. a. p.
1	Devastanum	54	410 - 7 - 2	3207 - 13 - 5
2	Chuttrum	5	121 - 2 - 3	571 - 2 - 7
3	Tank and channel Maramut	29	138 - 9 - a	1099 - 12 - 6
4	Lope	9	10 - 12 - a	48 - 4 - 5

9	Sundry	5	31 - 7 - a	282 - 13 - 10
	Total	142	1087 - 2 - 1	8059 - a - 11

4 The Devastanum Enams comprized under the 1st class are 54 in number and amount to 410 goortoor, assessed at 3207 Rupees. Of these №s 9. 15. 26. and 30 are grants

grants for the support of dancing girls; 22, 27, 31, 40, 41, and 42, of musicians of a temple. 20 is a present for building a car, and 21 is a grant for planting a flower garden and bringing flower to the temple. The former have been held for 50 years and may be presumed to have amply repaid the grantee and his family for his gift; the latter is in the possession of a person unconnected with the grantor who has abandoned the garden and left the District. The Government direct that these enams, amounting in value to Rupees 369-8-2, as shown in the margin, be resumed at the end of the current fasly year, with the exception of 20 and 21 on which

41	10	13	2
42	24	15	3
20	14	13	7
21	20	6	4
	369	8	2.

which will be resumed on receipt of these orders

No. 6 is for the expenses of a Roman Catholic Chapel in the town of Nellore, and is held by the Catechist; Nos. 2, 7, 8, 10, and 29 are for services at Tombs, and for expenses attending the celebration of the Mohurrum. These grants will be left in possession of the respective incumbents during their lives, and be resumed at their deaths. Nos. 3, 4, 19, and 33 are for Devastanam services, and are held by separate individuals; Nos. 1, 5, 11, 12, 13, 14, 16, 17, 18, 23, 24, 25, 28, 29, 32, 34, 35, 36, 37, 38, and 43 to 54, inclusive, are also grants for temple services, but are entered in the names of Dharmakartahs, Priests, Conjoor and Cummums. The former will be

be continued for the lives of the respective incumbents, the latter for five years, and be then positively resumed.

Class 2. Chuttrums.

* Nos 55 to 59 are grants for the construction and repair of chuttrums for the accommodation of travellers. 55 and 57 will be continued in the names of the present incumbents, so long as the buildings are appropriated to their proper purposes, and are maintained in good repair. In 56 the grant is much larger than is usual or necessary for the object in view, and a reduction may properly be made in the Extent assessment of the magany land, so as to leave sufficient for the support of the chuttrum which appears to be a useful building.

building. The Collector will be requested to submit a more detailed report on this case. 58 should be resumed, as it is held by parties totally unconnected with the original grantee. With regard to 59, it is observed that the conditions of the grant are not mentioned though it is stated that they are being fulfilled. More information should be obtained from the Collector regarding this case.

Class 3. Tanks and Channels.

Maramut.

Nos 60 to 88 comprize the remains of the 3rd Class, or those granted for the repair of Tanks and Channels. The Service for which Nos 60 and 62 were granted is no longer required to be performed by the

† 60 — 19 - 1 - 8
62 — 34 — 10 — —
53 - 11 - 8

the present incumbents, and both Enams should be at once resumed. The Grant referred to the individual, in whose profession it still remains, for keeping in repair a Tank stated to have been built by him. This Enam will be continued during the life of the present incumbent, and be resumed at his death. 66, 68, 70, 71, 72 and 73 are grants for keeping Tanks in repair, and are held by Enamis who probably enjoy the proceeds without performing the required service. The Board will call upon the Collector to report whether these and the remaining grants under this Class, may not be resumed at the end of the current

current fasly; and the Enamis be required, if there really be any service, to be provided for in the Department of Public Works.

Class 4. Topes.

The Topes Enams include the grants numbered 89 to 97 inclusive. In case 92 90, the grantee has abandoned the topes; in 94, the topes for the plantings of which the Enam was granted does not exist; and the land in 96 is applied to private purposes. These three grants will be resumed immediately; and the remainder will be continued during the liver of the present incumbents.

Class 5. Salvinodrum.

The 5th Class, including 97 98 to 106, contains 9 Enams called Salvinodra, that is, grants for keeping up water fountains

Inport 389

n/s. Where bridges have been constructed over streams the Encam and Service should be discontinued.

Class 7. Cavelly.

The Board propose to lay before Government a separate report regarding the Cavelly Enams; no order therefore on this subject are here necessary.

Class 8. Dhuttury.

The Dhuttury or charity Enams form the 8th Class table Enams and include Nos 119 to 139. Of these Nos 119 and 129 the incumbents are absent from the District; the Nos 121, 122, 123, 124, 125, 126, 130 and 132, the lands have been alienated to persons totally unconnected with the original grantees. These Enams are assessed at Rupees 591-12-11 as

Rupees 32-2-

grounds or places of refreshment for travellers. In case No 105, the charity is not kept up, and the grant will therefore be immediately resumed. No 106 is held by Coopoor and Cummum, and will be resumed after a period of five years. The remainder which are entered in the manner of individuals, will be continued during the lives of the present incumbents.

Class 6. Ferry.

10 Nos 107 to 116 are ferry Enams are comprised under the 6th Class. The Government sanction the continuance of these grants so long as such a means of transit may be required, and the service efficiently kept up

be resumed; and the remainder continued during the lives of the present incumbents.

Class 9. Sundry.

The last class, comprising Nos. 138 to 142, are ungrants made to various persons for different objects, such as to carry burthens belonging to travellers, building boats, attending on the sick &c. The grounds are all highly irregular, and with the exception of No. 142, which is held by the grantee who may be presumed to be an aged man, and to whom the income will be continued for life, the remainder assessed at Rupees 198-13-10 will be resumed at the end of the current
