Having seen it stated in the public prints that a description of Paddy, termed "New Grenada" has been found to succeed in some part of the Madras Presidency, and to give a high ratio of return, I am desirous of trying the variety in this Province. May I therefore solicit the favor of the Right Honorable the Governor General in Council addressing the Madras Government with the view of a quantity of the above variety being sent to me as Seed Paddy. I wish to have if possible, about two hundred weight.

3. It is desirable that the paddy should reach Rangoon before the month of April next.
