Peru Extracts

N. 103

Extract from the Proceedings of the Board
 of Peru, dated 10th January 1852.

Read letter from the Acting
 Collector of Madras dated 15th December 1851
 (No. 103)

Resolved that the same communication and Mr. Blackwell's letter of the
 10th January 1852 be laid before Government,
 with reference to Extract Minutes Com-
 munication dated 1st October 1851.

From the above correspondence
 it appears that the formal Act of Govern-
 ment approved by Government in Extract Minutes
 Consultation 10th May 1852 N. 103 was
 never executed by the then Minister of
 the Interior. Mr. Blackwell seems to have
 considered the Act of Govt. as passed and
 therefore refrained from carrying out the
 orders of Government as regards the
 matter.

The original and a copy with
 a translation of the same in Mr. Blackwell's

of the R. Franklin Co. It was then
to be an issue in which the Government
lines the terms offered to him and says
an allowance similar to that received
him in 1825 and 1827, and which is
found to have been larger than the 18%
allowance.

The Board took it for granted
the Government had approved of a certifi-
cate of debt and ordered it to be duly exe-
cuted, that its execution had followed as a
matter of course. As however there is nothing
said in the certificate that it is so, and
there was no any default of the debt,
under these circumstances, still recommend that
allowance of 18% on the net collections sanc-
tioned in Board Extract dated November
March 1852 A.D. and thenceforth
be paid by the Government, by this we
are bound to the present claimant.

If Government think it necessary
any time, person can be required to
pay the debt, and the Board do not see
how this is at all requisite.

The Board request the Acting
Collector

Collector to continue and report in all the
orders of Government in regard to these
debt of Government have been disregarded
in any other case. They gather from his
letter that the present is the only instance
of neglect in this report, and that the
points clearly stated.

19 per cent. B

The intention
of the order of the 5th
January 1841 was clearly
to give the disappointed
Debtors a fixed allow-
ance calculated on
an average of the
net revenues of their
respective estates for
the five years ending
with Trinity 1829, and
to have given them more
an allowance cal-
culated on a different
principle, varying
with the revenues of
each year, and ^{uncontrolled} un-
checked and uncorrected,
which would have been
ought to have
been

15th 1841
have rectified as soon
as it was discovered
and brought to the
Board's notice. Had
this been done, the
order of the 10th March
1841, accepting the
survivor of the Es-
tates, and authorizing
the continuance to the
Es-propriators of their
accustomed allowance
of 10 per cent on the
net revenues, would
have been perfectly
correct, as the Court
were at the time
clearly under the
impression that the
accustomed allow-
ance of the continuance
for

18
to which they authorized,
was calculated at 10
percent of the average
of revenue from 1815
to July 1819. That
it was then known
that these revenues were
the receipt of revenue
authorized allowances.
The Government would
certainly have immen-
sely ordered the
correction of the error,
for it was never their
intention, nor would
it stand to reason,
that the proprietors,
who had no longer
any interest in
the estate, should have
been out of their
hands.

19
hands, should partici-
pate in benefits ac-
cruing subsequently,
from improvements
effected by, or under,
the management of
the Officers of Govt.)
By the error com-
mitted, the late
Proprietor of the Stellar
estate estate actually
drawn allowances
far beyond those
he was legitimately
entitled to, and al-
though the Govern-
ment will not now
pay to the ^{estate} owners
of their original
order and limit the
payments to the

average of the net
receipts from the ^{estate} ~~estate~~
for the five years pre-
ceding its resumption.
They are of opinion
that the error has
now been brought to
notice, the future in-
crease of the allowance
under the management
of the Government Officers
should be at once deter-
mined, and they
think therefore that
the allowance be
fixed in perpetuity
at the sum paid for
the

This arrange-
ment is one that is
manifestly very
favorable to the re-
sults of the allow-
ances as they are
devoid of anything to
which they have the
smallest right while
they are saved from all
the dissipation which
unpropitious persons
might make in the

From the Board's
proceedings of the 14th
January, it appears
that the annual survey
of the Stills collection
has now been
received, and that
in 1844 when
the Principal Collector
died on which he
proposed to have been
surveyed in 1844,
1849, and that
document, now that
the proposed time
is to be no longer
all. The Board
must think that a
great number of
the State of Maryland
is not obtained,

year

and that a similar
measure be adopted
in the case of all
other Estates, for
which the document
is wanting.
