Port Saint George, Revenue Consultation of 9th February 1858.

No. 38. Read the following Extract from the Proceedings of the Board of Revenue; dated 22nd January 1858, No. 306.

Read letter from the Collector of South Arcot, dated 22nd January 1858. 3rd December 1857.

(Here enter No. 225.)

1. Ordered to be laid before Government with reference to the Endorsement, dated 27th November 1857, upon petition No. 2575 of 1857.

2. The Petitioner, so far as can be gathered from his petition which is to the last degree obscure, complains of the division of certain Shrotriem villages and seeks permission to sue for 2 shares now in the hands of others and upon this point the Government require information.

3. A reference to the correspondence noted marginally, will show that the claim to these villages has given rise to much discussion.

4. The question whether, upon lapse the head of the family should succeed as a matter of right or whether the ordinary rules of succession are applicable, has been virtually pronounced upon by a competent Court of Law which decided* that the property was divisible, and decreed its partition to the 3 co-heirs then alive. This partition was carried out and has been in force ever since, the registry being, under the sanction of the Board, made out in the name of the new holders. In 2 cases which subsequently occurred, of share-holders dying, the shares were upon the strength of that decision, continued to the heirs instead of being made over to the head of the family. It thus clearly appears that the head of the family stands in the same position as regards succession as any other member, and it only remains to observe that Petitioner's claim to succeed the deceased Chinnah Ammal in regular course is equally untenable. The parties placed in possession of the share enjoyed by the latter are her daughters, and it would therefore be hopeless for Petitioner, a member of a divided family to attempt to obtain a decree against them.

5. Under the rulings of the Honorable Court, these villages must be regarded as an hereditary possession subject to the payment of Peschush, and thus a suit is admissible if the Government see fit to allow it.

6. Under all the circumstances, however, the Board do not consider it necessary or advisable that Petitioner should be allowed to go to Law upon a point which has already been set at rest by competent authority.
