No. 18. ORDER THEREON, No. 1016; dated 22nd July 1858.

The Government are of opinion, that it would be more convenient to have these Season Reports submitted in a more *collected* form, instead of one by one, or a few at a time, as at present. If they cannot all be laid before Government at the same time, which would be the preferable course, the districts should be exhibited in groups as "Northern Cirkars;" "Southern Districts." &c. The Reports from the several Collectors within those ranges should be retained in the Board's Office until they have all arrived; when they can be combined into a single return.

(Signed) T. PYCROFT,
Chief Secretary.
