No. 31. Read the following Extract from the Proceedings of the Board of Revenue ; dated 12th July 1858, No. 2577.

In Consultation 2d July 1858. Read letter from the Acting Collector of Malabar, dated 24th May 1858, forwarding a statement of the Public Grants enjoyed by certain Chuttrums in his District.

(Here enter No. 73.)

Resolved that the above communication be forwarded for the information of Government with reference to paras. 50, 51 and 52 of the Board's Proceedings, No. 1176, dated 1st April 1858, on the returns of Chuttrums received from the several Districts of the Presidency.

2. The Acting Collector states that since his last report he has made further enquiry which has led to the omission from his former return, of one of the five Chuttrums stated to be publicly endowed, and to the addition of a fresh one, so that the original number remains the same.

3. Mr. Robinson repeats that no reliance can be placed on the return of the extent and value of Grants, which he now submits, as the Tahsildars are not able to confirm the entries. It appears that, by the old Registers, the total extent of the mauniums attached to the five Chuttrums is acres 2659 purahs 596, the Jemum value of which is Rupees 2,32,817-13-11, and by the accounts received from the talooks the value of the mauniums is stated to be Rs. 6,448-3-10.

4. As the Acting Collector intends to take the investigation of these Enams in hand so soon as other pressing calls on his time are disposed of, the Board will await a further report from the officer at present in charge of the District before giving the matter the consideration proposed in their former Proceedings to Government. They would impress upon the Acting Collector the great importance of the Register which it was Mr. Robinson's intention to prepare.

5. It is resolved to forward a copy of these Proceedings to the Acting Collector of Malabar who will make the investigation proposed by Mr. Robinson, and furnish the Board with a report of the result.

6. Adverting to the closing para. of Extract Minutes Consultation 7th June, No. 765, R. D., the Board observe that the intentions they expressed in para. 51 of their Proceedings 1st April 1858, had reference only to the Chuttrums in Malabar which form the subject of the present communication. The other parts of the order above alluded to, and requiring the Board's attention, will be disposed of in due course.

No. 32. ORDER THEREON, No. 1023 ; dated 23rd July 1858.

Resolved that the Statement received with the foregoing Proceedings be returned to the Board, with a request that they will have the proper headings put to the several columns. There is now nothing to shew what the figures signify.

2. In para. 3 the Board speak of 2659 acres and 596 purahs. This is not clear ; it is believed that 9 purahs, on the average amount to an acre.

Chief Secretary.
