

Roxanne Swentzell

Santa 13-8-1858

1. In the event of Government not, the Collector has the honor to enclose Table Abstract of Receipts & Remittances for the information of the Secretary to, and those interested in the matter being of the State and Private Orphan Asylum Regiment at Vizagapatam.

2. By paragraph 6. it will be observed that Government have resolved not now to take those valuable institutions under its patronage, and to support and embarrass a sum equivalent to double that which may be subscribed by the Public

3. It is hoped that the arrangements proposed by Government and which offer a certain guarantee for the efficient encouragement of the Institutions for the Natives will be both acceptable and satisfactory to all interested in their welfare

4. The Regiments were in the case of Bracketing up for want of funds and the want of proper supervision, the latter was certainly probably created the former, however, one had long felt distrust not only in regard to the amount of good effected by what they contributed, but likewise to the mode of management, the inefficiency of which had for some time past been a matter of notoriety -

5. This state of things having now been remedied by the timely aid and interference of Government, it is anticipated that private individuals who are able to appreciate the blessings and advantages of the State and Regiments will be induced to come forward and contribute liberally towards an object so deserving of their patronage and support, and it will be borne in mind that Government accordingly to double the amount realized from private sources within that amount may be -

6. The following list of Residents has been prepared and each is requested kindly to note what he will be expected to subscribe monthly during the ensuing year or so to the establishment of Regiments in lieu of the Government proposed to defray the Orphans now maintained and for maintenance basis -

7. The Regiments being for the Orphans of all within the Southern Division, it is expected that the Residents of other stations in the Division besides Vizagapatam, should have the opportunity and privilege of subscribing the Collector has therefore resolved on circulating the Paper at each station in view to collecting as much as possible, since the good to be done will be proportioned to the means at command -

Vizagapatam
Collector's Office
19th June 1858 -
