

Revenue Department
minutes of Consultation

10th Feb 1858

Black No 39 & 40

Order No 96 of 15th Feb 1858

Fort Saint George, Revenue Consultation of 16th February 1858.

No. 39. Read the following letter from J. D. SIM, Esq., Sub-Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government Revenue Department; dated Fort Saint George 29th January 1858, No. 418.

SIR,

1. I am directed by the Board of Revenue to request that the accompanying letters from the Collector of North Arcot relative to decayed state of the Choultry at Pudupady may be laid before Government.

2. The building in question was erected in 1826 by Ramsing commandant for the accommodation of travellers on the road from Arcot to Pondicherry. In the following year 5 Cawnies of Nunjah land assessed at Rupees 104-14-9 were assigned for its support since July 1854, the land has been under attachment owing to the building having been allowed by the owner to fall into decay.

3. With respect to the Statement made by the owner that he has recently spent 250 Rupees in repairing the Choultry the Civil Engineer reports that the repairs performed probably a year previously were worth about 10 Rupees and that the materials were obtained from other portions of the building. In some places the walls are opened out a foot from each other, the roof over some of the rooms is nearly gone and the building unsafe.

4. The grand son of the late proprietor has expressed his inability to put the Choultry into thorough repair and is therefore desirous of transferring the building to one Valoyda Moodelly,* who has offered to make the necessary repairs. The Civil Engineer however proposes its immediate destruction, and if necessary its re-erection in another locality. As the building is no longer of any utility to travellers both from its dilapidated state and the recent change in the direction of the road, the Board recommend that the land be resumed as proposed by the Collector and that the sums which have accumulated therefrom during attachment be credited in the public accounts.

No. 40. ORDER THEREON, No. 196; dated 15th February 1858.

Under the circumstances represented by the Board of Revenue, the Right Honorable the Governor in Council authorizes the resumption of the land assigned for the support of the choultry at Pudupady in the District of North Arcot, and directs that the sums which have accumulated during the time the land was under attachment shall be carried to the credit of Government.

(Signed) H. FORBES,
Acting Secretary to Government.

Revenue Board Office,
Fort St. George,
29th January 1858

135/8
From J. D. Sim Esq.
Sub Secretary to the
Board of Revenue
To J. Forbes Esq.
Acting Secretary to Government
Revenue Department

1858-59
20th March 1858

I am directed by the Board of Revenue to request that the accompanying letters from the collector of North Arcot relative to decayed state of the Choultry at Pindipady may be laid before Government.

2. The building in question was erected in 1826 by Ramasingh Carumanant for the accommodation of travellers on the road from Arcot to Pandicherry. In the following year 5 Cawnies of Kungah land situated at Chappas 102-114-9 were assigned for its support. Since July 1854, the land has been

been under attachment owing to the building having been allowed by the owner to fall into decay.

3 With respect to the statement made by the owner that he has recently spent 250 Rupees in repairing the Choultry ^{Local Civil Engineer to Acting District Engineer, 10th July 1857} the Civil Engineer reports that the repairs performed probably a year previously were worth about 10 Rupees and that the materials were obtained from other parts of the building. In some places the walls are opened out a foot or more each other, the roof over some of the Rooms is nearly gone and the building unsafe.

4 The grand son of the late proprietor has expressed his inability to put the Choultry into thorough repairs and is therefore desirous of transferring the building to one Valappa Moodally ¹⁸⁵⁷⁻¹⁸⁵⁸ who has offered to make the necessary repairs. The Civil Engineer however proposes the immediate destruction and of rebuilding its re-erection in

in another locality. As the building is no longer of any utility to travellers both from its dilapidated state and the recent change in the direction of the road, the Board recommend that the building be resumed as proposed by the Collector and that the sums which have accumulated therefrom during attachment be credited in the public accounts.

Revenue Board Office, I have the honor to be
Yours faithfully,
29th January 1858. Your most obedient servant

Sub Secretary

J. Forbes Esq.
Acting Secretary to Government
(Revenue Department)

Under the same laws
generalized by the kind of Census,
the Rights of individuals become
known and changed the representation
of the land and of the population
of the whole at Berlin, only in the
District of Berlin and small districts
that the same which have remained

during the same time period had much
attention and should be accorded to the
credit of the Government.
