2. In the Tabular Report, which accompanied these Proceedings, the Enam No. 5 was treated by the Collector as a service Grant and its renewal recommended accordingly.

3. In reply to a call for information as to his authority for considering it as such, Mr. Pelly, in the letter recorded above, explains that the Enam appears in the accounts merely as a charitable Grant under which head as well as that of "subsistence" it is customary in the District to class all Enams not stated to be given for the support of Temples or for the performance of service in them. He suggests its continuance to the claimant on the score of his having no other means of subsistence and the service performed by him since the demise of his adoptive father and uncle.

4. The Enam is entered in the survey account in the name of the father of the deceased but is unsupported by other evidence. The Board do not consider that its connection with the office of Moollah is sufficiently established and therefore recommend its resumption. The claimant is the adopted son of the last incumbent but this under the Mahomedan Law confers no right of succession.

(A true Extract.)

No. 16. Order thereon, No. 220; dated 19th February 1858.

The resumption of the enam referred to in the above Proceedings, was it is observed ordered in Extract Minutes Consultation dated 6th Instant, para, 6.

Acting Secretary to Government.
