The Tamil Guide to the Board's Circular Orders received with the above Extract Minutes Consultation was found to be an abstract and not a mere translation. It was therefore thought best to send the work to a few of the Collectors and the result of the reference is that the work is considered likely to be of use.

2. The Board resolve to request that they may be furnished with 160 Copies for distribution according to the sub-joined Statement.

3. The Board remark that the usefulness of the work would have been greatly increased by the addition of a brief but well arranged Index to its contents. It would be quite sufficient if the Index merely gave the names of the subjects of the Circulars in Alphabetical order and the pages where they are printed, without any summary of their contents; and if Government take the number of Copies proposed by the Board they may reasonably require the addition of an Index of this kind.
