Fort Saint George, Revenue Consultation of 2d March 1858.

No. 30. Read the following Extract from the Proceedings of the Board of Revenue; dated 8th February 1858, No. 577.

Read letter from the Collector of Rajahmundry, dated 31st December 1857,* submitting a report from the Acting Sub-Collector on the progress of the Survey Classes.

(Here enter No. 183.)

Resolved that the above letter and Enclosures be submitted to Government with reference to para. 7, of Extract Minutes Consultation of 13th October 1857, No. 1041, R. D.

2. The system of instruction in chain surveying is one which the Board consider most suitable to classes of this kind, but the use of the Prismatic Compass should not be entirely set aside, as it is useful for Road Surveys, and as explanatory of the Traverse system of Survey adopted by Captain Priestley.

3. The Board are glad to perceive that the Sub-Collector continues the training of the Curnums to field measurement.

4. With regard to the work performed in the year under report by the Survey Classes, it has been much as usual; namely, the verification of disputed boundaries and measurement of Enams under investigation.

5. Specimens of work have been forwarded and are submitted herewith.

6. The large Map of Bundapooram seems to be executed in a manner fully sufficient to meet the purposes for which it was required by Government in para. 4 of Extract Minutes Consultation of 7th August 1856, No. 830, R. D., but though the Board have called twice upon the Collector during the past year for the Report connected with it, it has not yet been received.

(A true Extract.)

(Signed) G. S. FORBES, Secretary.

No. 31. ORDER THEREON, No. 254; dated 25th February 1858.

The Report of the progress of the Rajahmundry survey school, which appears to be very satisfactory, may be recorded.

2. It will be again considered with those of the similar schools in Masulipatam and Malabar, when the reply of the Director of Revenue Settlement to the call made on him is received.

3. The Board will be pleased to repeat their call for the Report on the Bundapooram village.
