Fort Saint George, Revenue Consultation of 12th March 1858.

No. 73. Read the following letter from ITIMADOOD DOWLAH BAHADOOR, Grandson of the late NAWAB WALLAJAH BAHADOOR; to H. FORBES, Esq., Acting Secretary to Government, &c., &c., &c., dated Madras, 9th February 1858.

SIR,

A short time ago Government intended erecting a University, or College near Pareamettoo, for which an estimate was made to the amount of twenty one lacks of Rupees, and a friend of mine through Major Hitchins, contracted to supply chunam shells, therefore I sent for a steam tug boat, called the "Carnatic" from England, (which cost me twelve thousand Rupees); especially for the purpose of conveying down shells, and the work being stopped, my boat is still lying idle, subsequently Captain Rawlins of the Engineers, promised to obtain me the contract of supplying chunam shells for the repairs of Fort Saint George, for this promise one Juggernauth Reddy and I, conjointly contracted with C. J. Shubrick, Esq., Collector of Chingleput, for the villages of Yercum and Vaynadoo to dig out shells, at the rate of one thousand one hundred and seventy Rupees, per both villages per annum, for five years, and a stop being put to the repairs of the Fort Captain Rawlins, has not given me the contract to supply shells.

After this Lieutenant Howes, Superintendent of Cochrane's Canal took an agreement from me on stamped paper, that, I should supply one hundred garce of chunam shells, at the rate of thirty Rupees per garce, for the purpose of erecting steps at the basin. I gave in fourteen garce, at this time the order from Calcutta being issued to discontinue all public works, the said Lieutenant, refused to take the shells. I laid this circumstance before the Chief Engineer, and requested his favour to purchase, all the shells above mentioned, viz. one hundred garce, minus fourteen, but he refused to do so.

I further beg to state that I wish to run my steam boat "Carnatic" for passengers and goods to Doograuj Putnum, and vice versa, and to enable me to supply the vessel with charcoal and pieces of firewood I contracted with C. J. Shubrick Esq., for a jungle, called Shreehurry cottah, for eight thousand five hundred Rupees per annum, on the name of my servant Syed Moortooza. The condition was, that, the former contractors were to remove all the wood they had already cut, in three months, in that interval they stole fresh wood, this I detected twice, and proved it before the Collector: fearing I would lose more in that manner, I was obliged to give the jungle in contract to others. Should your honor in consideration to the losses I have sustained be pleased to submit this in Council and use your kind interest in obtaining a sanction on my behalf to the Collector of Chingleput, to grant my request, or to permit me to prepare charcoal, and to cut the pieces of firewood at the Circar charge in the "*Amany*" villages, Venaud and Ponaud situated in the Zillah of Chingleput, or in any other place adjacent to the canal, in Government doing so, there will be two sorts of benefits accruing to the Circar; firstly, the tonnage amount shall increase by my frequently bringing down the boats to the basin; secondly, salt will undoubtedly be sold more than the present quantity, for the bandy men returning from Doograuj Putnum to Nellore, after disloading the baggage of their Carts, will purchase it abundantly; besides this, the public will enjoy great ease in travelling from one place to another by the steam tug proceeding up and down.

No. 74. ORDER THEREON, No. 315; dated 10th March 1858.

Ordered to be referred to the Board of Revenue for report, with reference to Extract Minutes of Consultation 29th May 1857, No. 1018.
