Instructions

G. O. No 34, dated 21-12-1858

Diary 21-12-1858

Official Memorandum.

The Secretary to the Board of Revenue has the honor to inform the Ag Secretary to Government with reference to his Official Memo of 15th Instant. that the Form Project supplied to the Provinces are Footscap size, and will not admit of 4 pages of Royal Octavo being struck off at once. The Chases and Press Furniture also will not answer for Octavo size, hence it will be more convenient to allow Collectors to print their Selections in the usual Footscap form. The Board at first prescribed the same size as the Government Selections but the above considerations induced them to modify their instructions.
