Order no. 4562/9th April 1858.

Fort Saint George, Revenue Consultation of 9th April 1858.

No. 63. Read the following Extract from the Minutes of Consultation in the Military Department dated 24th March 1858, No. 1064.

Read letter from the Quarter Master General of the Army, 18th March 1858, No. 133 to the Secretary to Government, Military Department.

In forwarding copies of correspondence between the Collector of Rajahmundry, and the Officer Commanding Northern Division, on the subject of a requisition made by the former for a Company of Sappers and Miners to be placed at his disposal, for service against disturbers of the peace in the North Western Frontier of his District, I am directed by the Commander-in-Chief to say, that he has approved of Major General Tulloch's arrangements, as stated in his letter, but at the same time, His Excellency has desired me to request you will be so good as to urge on Government, the necessity of efficient Police arrangements being delayed as little as possible.

The Commander-in-Chief would point to the way the last detachment of Troops employed on the requisition of the Rajahmundry Civil Authorities suffered, and the probability that a similar untoward result may occur on the present occasion.

From the Officer Commanding Northern Division, Wallair, 2nd March 1858, No. 92; to the Quarter Master General of the Army, Fort Saint George.

I do myself the honor to report for the information of His Excellency the Commander-in-Chief, that the Collector of Rajahmundry has applied, in addition to the detachment at Yerna-goodeny, for a Company of Sappers to be placed at his disposal for service against the disturbers of the peace on the North Western frontier of his District, who have lately become bolder in their proceedings. They have stopped, it appears, the navigation of the river and committed further depredations. The detachment is required to aid and act as a support to the Golcondah Sebundies and Police Force now employed in that part of the country, and Mr. Purvis trusts it will not be necessary to keep the detachment for any length of time.

In order to meet the above requisition, I have directed the Officer Commanding Rajahmundry to place the detachment of the 43rd N. I. there, at Mr. Purvis' disposal, or as many men as may be required, and the Officer Commanding Sappers and Miners has been requested to detach to Rajahmundry a party of his Corps equivalent to the number that may be taken from the 43rd detachment.

The state of the Head Quarters of the Sappers is such, that I cannot send any party from them to any distance. The Company lately employed in the jungle suffered so much, that it has been deemed advisable to send the men to the coast for a time.

Communicated to the Revenue Department.
