Fort Saint George, Revenue Consultation of 27th April 1858.

No. 29. Read the following Extract from the Proceedings of the Board of Revenue, dated 23d March 1858, No. 1025.

* *In Con. 23d March 1858.* Read letter from the Collector of Madras, dated 27th* January 1858, reporting what he has done towards securing all Government lands on the Banks of the Canal near the Railway, and on the subject of providing a new Wood Depôt in Chintadrepettah on the Banks of the Canal.

(Here enter No. 18.)

Resolved that the foregoing communication and its enclosure be submitted for the information and orders of the Right Honorable the Governor in Council.

2. The letter above recorded refers to two Extracts Minutes Consultation in the Public Works Department. In para. 9 of No. 953 dated 18th May 1857 the Board were instructed to direct the attention of the Collector of Madras to the desirableness of securing all the Government land on both banks of Cochrane's Canal near the Railway ; and in No. 1265 dated 29th June 1857, the Collector was ordered to select some spot other than the ground belonging to the Friend-in-Need Society for a Wood-yard.

In Con. 2d June 1857.

In Con. 16th July 1857.

3. Mr. Cunliffe states that he has not the means at present of distinguishing the Government from the Private land on the banks of the Canal near the Railway but that he has, in a Notice affixed on the land, threatened to take possession of the whole after two months on behalf of Government unless Proprietors come forward in the interim to establish their right. The Collector expects that this will bring the proprietors forward who are at present keeping aloof in the hope of ultimately obtaining some advantage should their property be required for a public purpose. When once the Government and Private lands are defined Mr. Cunliffe will secure the former as directed by Government.

4. Regarding the Wood-yard, Mr. Cunliffe has been in communication with the Municipal Commissioners† and agrees with them that a plot of ground measuring about 340 by 212 feet situated on the north bank of the Canal near Colonel Lawe's Bridge, and next to the Musselmen's Burial-ground in Chintadrepettah is suitable for the purpose, it will require to be raised on the side towards the Penitentiary as that part is usually submerged during the monsoon. The spot described is at a proper distance from the Penitentiary ; the Commissioners stipulate that no Wood shall be stowed on the Drain which runs thro' the whole length of the area in question.

† *Vide enclos. in Collrs. letter.*

5. The Board suggest that the Public Works Department be instructed to raise the ground where necessary and that the Collector should take charge of the spot thus prepared with a view to its being subdivided and let to Wood merchants.

(A true Extract.)

(Signed) G. S. FORBES, *Secretary.*

No. 30. ORDER THEREON, No. 523 ; dated 24th April 1858.

1. The Government approve the measure adopted by the Collector of Madras, preparatory to securing the Government land on the banks of Cochrane's Canal near the Railway, in pursuance of the orders conveyed in para. 9 of Extract from the Minutes of Consultation of the 18th May last, No. 953.

2. The Government also approve the spot of ground in Chindatrapettah, between the North bank of the Cooum river and the Musselman's burial ground, selected by the Collector for a Wood Depôt in communication with the Municipal Commissioners, with reference to the order of Government of the 29th June last, No. 1265. The Chief Engineer will be so good as to issue the necessary instructions for raising the ground where necessary ; and the Collector of Madras will take charge of it when so raised, in view to its being subdivided and let to wood merchants.

(Signed) H. FORBES,
Acting Secretary to Government.
