Amendment to the Constitution of the State of Kansas.

Whereas it is provided by the Constitution of the State of Kansas, that the Legislature may propose amendments to the Constitution, and submit the same to the people for their approval or rejection, at such time as the Legislature may prescribe; and whereas the Legislature of said State, at the session thereof held in the year 1859, did propose certain amendments to the Constitution, and did prescribe the time when the same should be submitted to the people for their approval or rejection; and whereas the said amendments have been submitted to the people, and have been approved by a majority of the votes cast at the election held for that purpose; and whereas it is provided by the Constitution of the State of Kansas, that the Governor shall, by proclamation, declare the amendments to the Constitution adopted, which proclamation shall be published in the newspapers of the State, and shall be transmitted to the President of the United States, to be laid before Congress:
