Fort Saint George, Revenue Consultation of 11th May 1858.

No. 49. Read the following Extract from the Proceedings of the Board of Revenue; dated 22d April 1858, No. 1420.

Read letter from the Collector of Cuddapah, dated 12th August 1857.

In Cons. 22d April 1858.

(Here enter No. 20.)

In Cons. 23d May 1856.

The Government in Extract Minutes of Consultation 4th April 1856 No. 356 R. D. determined on giving up all further attempts on their part to improve the breed of Sheep in this Presidency by introducing Merino Sheep—the Board therefore limit their recommendation to the supply of a few of the latter breed from the Mysore flocks to Mr. Murray who is anxious to try the experiment in Cuddapah. They hope Government will consent to furnish a few gratuitously for this purpose.

(A true Extract.)

(Signed) J. D. SIM, *Sub-Secretary.*

From M. MURRAY, Esq., Collector of Cuddapah; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George, dated Cuddapah 12th August 1857, No. 82.

SIR,

I have the honor to request that the Board of Revenue will be so good as procure for me a few sheep, particularly Rams, of the Merino breed, which I understand the Government have a considerable flock of, at the farm of Hoonsoor, or some other place, in the Mysore territory. The sheep in the talooks of Muddenpully and Goorrumcondah are of a small woolly breed, which might be greatly improved by a cross with the Merino; it would not only increase the size of the animal but also improve the quality of the wool, both being desirable. The shepherds may at first object to the breed but after one year when they see the benefit of the cross they will probably be anxious to improve the present. If the Board can procure me a few of the Merino sheep I shall take such measures to protect them when distributing them about the different parts of the talooks as to prevent them being killed or disposed of. If the Board cannot procure the sheep from Government I shall myself be glad to purchase a few for the above purpose at any moderate price.

No. 50. ORDER THEREON, No. 608; dated 8th May 1858.

Ordered that application be made to the Commissioner of Mysore for the supply, if in his power, of the Merino rams required by the Collector of Cuddapah.

As Mr. Murray does not state the number of rams he requires for the experiment, the Board will direct him to communicate his wishes on that point to the Commissioner direct, and to make arrangements for conveying to their destination any rams that the Commissioner may be able to afford him.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.

Ordered in consequence that the following letter be despatched.

No. 51. From W. H. BAYLEY, Esq., Acting Secretary to Government of Fort Saint George; to the Commissioner for the Government of the Territories of His Highness the Rajah of Mysore; dated 8th May 1858, No. 609.

SIR,

I am directed by the Right Honorable the Governor in Council to forward the accompanying copy of the Proceedings of the Board of Revenue dated 22d April No. 1420, enclosing a letter from the Collector of Cuddapah, applying for a few Merino rams, for the purpose of improving the breed of sheep in the Talooks of Muddenpully and Goorrumcondah of that District. Mr. Murray, it will be observed, does not mention the number of rams he requires, but he has been this day instructed to communicate with you on the subject; and on his doing so, the Right Honorable the Governor in Council would request that his application may be complied with, should it be in your power to meet it. Mr. Murray has also been instructed to make his own arrangements for conveying the rams to their destination.
