Fort Saint George, Revenue Consultation of 15th June 1858.

No. 40. Read the following letter from H. CLEGHORN, Esq., M. D. Conservator of Forests; to the Secretary to Government Revenue Department, Fort Saint George, dated Shemoogah 17th May 1858, No. 339.

SIR,

I have the honor to submit for the approval and sanction of the Right Honorable the Governor in Council, an Estimate of cash required for carrying on the Forest operations of the Anamally Hills for the year 1858-59, amounting to Rupees 49,830. The unexpended balance of the Estimate of last year has not been taken to the credit of the Estimate for the present year, but after the Accounts are closed will be taken as the first Instalment of the advance from the above sum.

The Estimate Rupees 49,830 is larger than that of last year, in consequence of larger demands being anticipated, and 500 teak planks additional are included in the Estimate.

I regret much that the balance is not shown in the present statement, but the departure of the Collector of Coimbatore to Europe, and the delay in the settlement of the Bombay Government have rendered it unavoidable.

A part from the above Estimate, I would respectfully urge upon the consideration of Government the importance of commencing a Ghaut so as to supersede the present Timberslip (so called) a rocky water course which is annually put in repair by Wudder contract. The trace of this Ghaut, 4 miles long, has been carefully prepared by Mr. Bake of the Department Public Works, and I have been called upon by Captain Francis Executive Engineer to state how much might be given from Forest Funds for the completion of the Work. Having no authority to make such grants, I simply approved of the scheme in principle, which would contribute much to the economical working of the Forest, and in a few years would save in carriage 8 or 10,000 Rupees. The charge in the Estimate for slipping planks during the ensuing year alone being 2,400 Rupees, and several hundred Rupees will likewise be given to the Wudders for putting the slip in order. Upon these grounds, when the Ghaut scheme is proposed by the Chief Engineer, I would respectfully urge that 10,000 Rupees be contributed from Forest Funds. I have no doubt that the people of the surrounding districts would gradually take advantage of this road to proceed by Mulliatore to the Cochin backwater thereby opening up a very wild and difficult country.

ESTIMATE.

for the instructions conveyed

Fort Saint George, Revenue Consultation of 15th June 1858.

No. 41.

ORDER THEREON, No. 801; dated 11th June 1858.

The Right Honorable the Governor in Council sanctions an advance of Rupees (49,830) forty nine thousand, eight hundred and thirty for the operations of the Forest Department during the year 1858-59. Dr. Cleghorn will however remember that the necessity for restricting expenditure has not yet been removed and that therefore the instructions conveyed in para. 19 of Extract Minutes of Consultation dated 12th November 1857, No. 1153, to work the Forests only to such extent as is absolutely necessary should not be lost sight of.

2. Dr. Cleghorn's recommendation for the formation of a Ghaut will be disposed of in connection with a letter in the Public Works Department on the same subject from the Chief Engineer dated 29th May, No. 1174.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.
