Fort Saint George, Revenue Consultation of 15th June 1858.

No. 42. Read the following Extract from the Proceedings of the Board of Revenue, dated 26th May 1858, No. 1868.

In Consultation 23th May 1858. Read letter from the Principal Assistant Collector in charge of Ganjam, dated 5th May 1858.

(Here enter No. 71.)

In Consultation 22d March 1858.

Resolved that the foregoing letter be submitted for the orders of Government, with reference to para. 10 of the Extract Minutes Consultation, dated 19th March 1858, No. 354, Revenue Department.

2. The Board support the recommendation of the Principal Assistant Collector in charge of Ganjam, that sanction be granted for the disbursement of travelling allowance to the Superintendent of the Nowpadah Salt Cotaurs, at the rate paid to the subordinate officers of the Public Works Department, whenever it may be necessary for him to visit the Womervelly Salt Pans, which are distant from the former 25 miles.

(A true Extract.)

(Signed) G. S. FORBES, Secretary.

No. 43.

ORDER THEREON, No. 802 ; dated 11th June 1858.

Para. 1. The Principal Assistant Collector of Ganjam recommends, and the Board of Revenue support the application that travelling allowance at the rate permitted in the Department of Public Works shall be passed to the Superintendent of the Nowpadah Salt Cotaurs whenever it may be necessary for him to visit the Womervelly Salt pans.

2. The two places are 25 miles apart. The salary of the appointment of salt Superintendent of Nowpadah was formerly 30 Rupees, but since the modifications introduced in 1856 in the Salt Department generally, the allowance has been greatly increased. The salary now drawn by the Salt Superintendent appears from the Book of Civil Establishments prepared by the Civil Auditor to be Rupees 120. The manufacture of Salt at the Womervelly pans, discontinued under the orders of the 10th May 1856, has since been revived, and by the orders of the 30th January 1857, this Cotaurs has been placed under the Superintendent of Nowpadah.

3. This addition to the Nowpadah Superintendent's charge will certainly entail some expense in travelling, but none so extraordinary as may not be compensated by the Batta rules of the Revenue* Department, and the Government think that while such Rules exist in the Revenue Department, it would be obviously improper to extend the Rules prevailing in the Department of Public Works on the mere ground as it would seem of their rates being more favorable. The Government direct that Batta according to the Rules in the Revenue Department be allowed to the Salt Superintendent of Nowpadah whenever he has occasion to visit the Womervelly pans.

Acting Secretary to Government.
